

DIRECTIONS FOR USE

It is in violation of Federal law to use this product in a manner inconsistent with its labeling.

This ready-to-use insecticide may be dispersed through conventional thermal, mechanical or compressed air fogging or spraying equipment.

To control Adult Mosquitoes and Gnats: Apply as a fog or fine mist at a rate of 1 to 3 gallons per acre (3 to 9 fluid ounces per 1000 square feet), filling the entire area with vapor. For best results, treat when the wind velocity does not exceed 5 miles per hour. Application in the evening or early morning is recommended. Treat area thoroughly with particular attention to low or marshy locations, shore lines, stagnant pools or ponds and vegetation where mosquitoes may rest. Repeat treatment as necessary, usually once or twice a week.

Using mobile or truck-mounted equipment, the above application rate will

result when traveling at a speed of 5 m.p.h. if a 400 foot wide swath is treated with insecticide dispersed at a rate of from 240 to 620 gallons per hour.

Flies and Moths, Outdoors: Fill area with fog or mist to kill flies and small flying moths (millers). Repeat treatment as necessary, usually once or twice a week.

Temporary Reduction of Annoyance: The aforementioned application for mosquitoes, gnats, flies and moths will afford temporary reduction of annoyance from these pests in public gathering places such as parks and open sports stadia. Application should be made prior to attendance.

Ants, Spiders, Crickets, Roaches, and Box Elder Bugs: To control crawling insects, direct a coarse spray at the insects and infested areas applying enough to wet the surface without any run-off of the spray. Repeat after 2 to 4 weeks, or as needed.

SELIG'S 54-SX-80

For Outdoor Fogging Application around Residences, Parks, Playgrounds, Golf Courses, Municipalities and Drive-In Theaters and Restaurants.

Kills Mosquitoes, Gnats, Flies and Moths

As a Contact Spray Indoors or Outdoors. Kills Ants, Roaches, Spiders, Crickets, and Box Elder Bugs. Use as a Spot Surface Application avoiding any Contact with Food or Food Products.

ACTIVE INGREDIENTS

Pyrethrins	0.060%
*Piperonyl Butoxide, Technical	0.125%
**Malathion	2.000%
Aromatic Petroleum Derivative Solvent	7.625%
Petroleum Distillate	90.200%
	100.000%

*Equivalent to 0.100% (butylcarbyl) (6-propylpiperonyl) ether and to 0.025% related compounds.

**O, O Dimethyl dithiophosphate of diethyl mercaptosuccinate.

KEEP OUT OF REACH OF CHILDREN

CAUTION

Statement of Practical Treatment

IF SWALLOWED: Do not induce vomiting. Get prompt medical attention.
IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.
IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.
IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

See Right Panel for Additional Precautionary Statements.

PRECAUTIONARY STATEMENTS

Hazards to Humans
and Domestic Animals

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of fog or mist. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas where food is exposed.

Environmental

Hazards

This product is toxic to fish. Do not apply when weather conditions favor drift from areas treated. Keep out of any body of water. Do not contaminate lakes, streams or ponds by cleaning of equipment or disposal of wastes.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Pesticide spray, mixture, or residue that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill or bury in a safe place.
