## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## STORAGE AND DISPOSAL

**Storage:** Store in a cool dry area away from heat or open flame.

**Disposal:** Do not reuse empty container. Wrap container and put in trash collection.

**General:** Use Residual Spray from 97-SX-80 as a spot treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

**To Kill Cockroaches, Ants, Crickets, Silverfish, Spiders and Sowbugs:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

**To Kill Brown Dog Ticks and Fleas:** Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment of pet area. Do not spray pets with this product. Concurrent treatment of animals with a product registered for animal application to control the source of flea infestation is recommended.

**Flies and Mosquitoes:** Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas such as under eaves, porches, patios and garages where these pests may aggregate. Flies and mosquitoes coming to treated surfaces will be killed. Repeat treatment when necessary.

## PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

### CAUTION

#### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Get prompt medical attention.

**IF INHALED:** Remove to fresh air and provide adequate ventilation.

**IF ON SKIN:** Flush skin with water for at least 15 minutes. Wash with soap and water after handling.

**IF IN EYES:** Immediately flush with water for 15 minutes. If irritation persists, get medical attention.

**NOTE TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is antidote of choice.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

## PHYSICAL HAZARDS

Do not use or store near heat or open flame.
