

DIRECTIONS

Close doors and windows of rooms. Remove pets and fish. Cover lightly or remove any food in rooms to be treated. Open and set can on large plate in corner of room - hold a lighted match to the exposed contents. Do not enter rooms for 2 to 4 hours after lighting. Air out rooms after reentering. This 2 oz. can will be effective for 6,000 cubic feet for crawling bugs, 15,000 cubic feet for flying insects. For household use, do not repeat more than once in two weeks. Do not overdo, do not light can in clothes closet.

CAUTION:

Avoid prolonged breathing of fog. Avoid contact with skin and eyes. Harmful if swallowed. Keep out of reach of children.
