

INSTITUTIONAL FORMULA

# KILL-M INSECTICIDE

Pleasantly Scented

This product is intended for use in areas where flying insects are a problem. For best results, flying surfaces should be sprayed before use. When used as a space spray in these areas, treatments should be made only when the pest is present. Do not spray on food or treated areas until the area has been treated.

### DIRECTIONS

For general use, spray the area to be treated. For spot treatments, spray the area with the nozzle directed toward the pest. For flying insects, spray the area with the nozzle directed toward the flying insects. For flying insects, spray the area with the nozzle directed toward the flying insects. For flying insects, spray the area with the nozzle directed toward the flying insects.
