**CAUTION** KEEP OUT OF REACH OF CHILDREN  
CONTENTS UNDER PRESSURE  
Read precautions on back of can.  
NET WT. 6 OZ.

**Fungicide — Insecticide — Miticide**

## AFRICAN VIOLET SPRAY

African Violet Insect Spray kills aphids, spider mites, and other insects on African Violets. Controls black scale, white scale, and mealybugs. **DIRECTIONS:** Do not over-spray. Remove protective cap from can and hold can in upright position. Release spray in short one-second bursts. Make sure to spray under surfaces of leaves and lower parts of plants as well as top surfaces of leaves lightly. Repeat in 7 to 10 days or when necessary. Thoroughly wet woolly bugs and brown scale with spray. Do not spray plants in hot sun, or when exposed to high temperatures. Kills aphids, leafhoppers, beetles, and various other insects. Kills spider mites, thrips, and white flies infesting African Violets.

**CAUTION:** Harmful if swallowed. Keep out of reach of children. Avoid breathing of spray mist. Avoid contact with skin, eyes and clothing. Do not leave on skin as it may produce irritation. Wash thoroughly. Avoid contamination of foodstuffs. Do not puncture container nor dispose of same in fire or incinerator. Do not store in direct sunlight where temperatures exceed 120°F. Do not wet varnish or painted surfaces with this spray.

**ACTIVE INGREDIENTS:**

|  |       |         |
|--|-------|---------|
| • Pyrethrins   | ..... | .020%   |
| • Rotenone   | ..... | .100%   |
| • Other cube resins  | ..... | .200%   |
| • Methoxychlor, technical  | ..... | .200%   |
| • Dichloro (2,3-dichloro-1,4 naphthoquinone)                                   | ..... | .120%   |
| • N-octyl bicycloheptene dicarboximide   | ..... | .300%   |
| • 2-(1-Methylheptyl)-4,6-dinitrophenyl crotonate                               | ..... | .113%   |
| • Other nitrophenols and derivatives, chiefly 1-methylheptyl-4,6-dinitrophenol | ..... | .012%   |
| • Petroleum distillate   | ..... | .115%   |
| <b>INERT INGREDIENTS:</b>  | ..... | 98.720% |

\*Equivalent to .264% 2,2-bis (p-methoxyphenyl)-1,1,1-trichloroethane and .036% other isomers and related compounds.
