DIRECTIONS

Caution — hold 18" from plants when using. Remove protective cap on top of can, hold can upright, point valve opening in desired direction for spray. To release spray, press valve downward or push valve forward, and spray in sweeping motion, keeping dispenser moving at all times. Hold container 18" from plant and spray at the rate of one second per foot of plant height. Wet foliage lightly. Do not overspray. Avoid spraying in direct sunlight or when plants are wet. For Mealybugs and White Flies, wet insects thoroughly. Repeat spraying at 7 to 10 day intervals.

CAUTION: Harmful if swallowed. Keep out of reach of children. Avoid breathing of spray mist. Avoid contact with skin, eyes and clothing. Do not leave on skin, as it may produce irritation. Wash thoroughly. Avoid contamination of foodstuffs.

Do not puncture container nor dispose of same in fire or incinerator. Do not store in direct sunlight where temperatures exceed 120°F. Do not wet varnish or painted surfaces with this spray.

WARRANTY — Since the use of this product is beyond the control of the seller, the buyer assumes all risk of use or handling whether in accordance with the directions or not, as the seller makes no warranty, expressed or implied, concerning this product.
