Attention: Aludia B. Hernandez

Gentlemen:

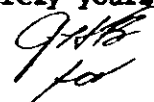

Subject: Kild Germicidal Odor Suppressant Disinfectant  
EPA Registration No. 498-37  
Your Submission dated October 14, 1983

The submitted labeling is acceptable and a stamped copy is enclosed. However, at the printing of the next label the following label corrections must be made.

The full name of your product is "Kild Germicidal Odor Suppressant Disinfectant." This full name must be used consistently throughout the label. The abbreviated term "kild" is unwarranted. You may wish to use the term "this product" instead of the full name.

Submit corrected labels for our review and acceptance.

Sincerely yours,

John H. Lee  
Product Manager (31)  
Disinfectants Branch  
Registration Division (TS-767C)

## GERMICIDAL ODOR-SUPPRESSANT DISINFECTANT

SHAKE WELL BEFORE USING

### KILD GERMICIDAL ODOR-SUPPRESSANT DISINFECTANT

Kild Germicidal Odor-Suppressant Disinfectant is a powerful germicidal - effective against a broad spectrum of both gram positive and gram negative bacteria.

Kild effectively controls resistant strains of staphylococci ("Staph"); salmonella typhosa (Typhoid); shigella paradyenteriae (Dysentery); salmonella schottmuelleri (food-poisoning); escherichia coli (Colon infections); streptococcus pyogenes. It is also effective against fungi such as trichophyton interdigitale (mold of Ringworm or Athlete's Foot), not intended for topical application to the body.

Kild is an excellent deodorizer and chemically destroys odor producing bacteria. Reduces hazards of airborne infectious viruses.

Use Kild to disinfect surgical instruments, glass, tile, utensils, toilet seats, wash bowls, shower stalls, bath fixtures, telephones, bed frames, and springs, laundry chutes, door knobs, light switches, diaper pails, refuse and garbage cans and lockers. Use Kild to sanitize and deodorize meeting rooms, class rooms, churches, sick rooms and restaurants.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner which does not conform with its labeling.

Clean object to be sprayed using usual cleaning methods.

As a germicidal surface spray, hold dispenser upright and spray 6 to 8 inches from surface until surface is wet.

As a deodorizer and air sanitizer, hold can upright and point valve opening away from face. Spray upwards into corner of room as well as center of room, filling room with mist.

Do not wet varnished, painted, or plastic surfaces with this spray.

WARNING: Avoid contact with the eyes and skin; if sprayed directly into eyes wash with water. If irritation persists consult your Physician. Avoid contamination of food stuff. Harmful if swallowed.

PHYSICAL OR CHEMICAL HAZARDS: The contents of this container are under pressure. Do not puncture nor dispose of same in fire or incinerator. Containers should not be stored in direct sunlight or where temperature exceeds 120°F.

#### STORAGE:

Store in a cool, dry area away from heat or open flame.

#### DISPOSAL:

Replace cap. Securely wrap original container in several layers newspaper and discard in trash. Do not incinerate or puncture.
