SPRAY DISINFECTANT AND DEODORIZER

This disinfectant spray is a powerful germicide — effective against a broad spectrum of both gram positive and gram negative bacteria. It effectively controls resistant strains of staphylococci ("Staph"), salmonella typhosa (Typhoid), shigella paradyserteriae (Dysentery), salmonella schottmuelieri (food poisoning), escherichia coli (Colon Infections), micrococci pyogenes var. aureus, tetracycoccus pyogenes, organisms which may be carried on inanimate surfaces.

It is also effective against fungi such as Microphyton interdigitale (ringworm) and athlete's foot fungi, not intended for topical application to the body.

This is an excellent deodorizer and chemically destroys odor producing bacteria. Use it to deodorize glass, tile, urinals, toilet seats, wash basins, shower stalls, bath fixtures, telephones, linoleum and springs, laundry chutes, door knobs, light switches, diaper pails, refuse or garbage cans, and lockers.

DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
 Clean object to be sprayed using usual cleaning methods. Hold can upright and spray 6 to 8 inches from surface until surface is wet.

FOR CONTROL OF MOLD AND MILDEW

Use to treat inanimate surfaces such as glass, tile, urinals, toilet seats, wash basins, shower stalls, lockers, bath fixtures, laundry chutes, refuse or garbage cans.

DIRECTIONS

Clean object by usual cleaning methods. Hold can upright and spray 6 to 8 inches from surface until surface is wet. Repeat application when new growth appears.

FOR SPACE DEODORANT

Use to deodorize meeting rooms, classrooms, churches, schools, and restaurants.

DIRECTIONS

Hold can upright and point valve opening away from face. Spray towards center of room as well as center of room. Do not spray directly at eyes. Wash with water if contact persists. Consult your physician if harmful effects are observed. Avoid prolonged or repeated breathing of spray mist. Avoid contamination of food stuff.

The contents of this container are under pressure. Do not puncture for disposal. Do not use in fire or in generator. Container should not be stored in direct sunlight or where temperature exceeds 120°F.

Do not use unvented partition or plastic curtains in the area.

STORAGE:

Store in a cool, dry area away from heat or open flame.

DISPOSAL:

Replace cap. Securely wrap original container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

ACTIVE INGREDIENTS:

n-allyl(50% C16, 40% C12, 10% C8)
 Di-(thyl)Benzyl Ammonium Chloride... 0.40%

INERT INGREDIENTS: 99.60%
 Total 100.00%
