**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

May be fatal if swallowed, inhaled, or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes, and clothing. In case of contact immediately wash skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

**NOTE TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aeration before spraying.

**PHYSICAL HAZARDS**

Contents under pressure. Do not use if canister is damaged or leaking. Do not puncture, cut, or heat. Do not use if canister is damaged or leaking.

**DIRECTIONS FOR USE**

Use a fogger or sprayer with nozzle attached to a meter nozzle with this spray.

**STORAGE AND DISPOSAL**

**Storage:** Store in cool, dry place. Do not store in plastic. Do not store in plastic. Do not store in plastic.

**General:** Spray surface to wetting. Point spray away from people, plants and pets. Do not use as a space spray. See only for spot treatment.

**To Kill Ants, Roaches, Flies, Silverfish, Sawflies, Spiders, and Termites:** Spray into cracks, crevices, around baseboards, and other places where these insects live. Apply behind and beneath cabinets, refrigerators, sinks, doors, and in and around waste containers. Contact directly as many insects as possible. Put ants, spray trails and places where ants enter premises. Repeat as necessary for control.

**To Kill Brown Bats and Fleas:** Remove and destroy old bedding. Spray sleeping quarters of pets, and baseboards, window and door frames, wall cracks, and local areas of floors, repeat as necessary. Fresh bedding should be placed in a clean container after spray has dried. Do not spray animals. Treat pets with a product registered for animal application to control the source of the flea infestation.

**To Kill Carpet Beetles & Dermapterans:** Spray along baseboards, edges of carpets, under carpets and rugs, under furniture, in closets, on shelves, and in other places of harborage. Repeat as necessary.
