NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA Registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any label in connection with the registration of a pesticide under the Act is not to be construed as giving the registrant a right to exclusive use of the label or to its use in connection with the product by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A), provided that you:

1. Submit and/or file all data required for registration/reregistration of your product under FIFRA and any other laws which may require data for registration of similar products to your product.
2. Make the labeling changes listed below before commencing shipment:
 - a. Add the phrase "EPA Registered" to the label.
 - b. Your inert ingredient declaration must be placed on the label in the same margin as your active ingredient declaration.
 - c. On the front panel of your label, for your guaranteed performance, use the spelling of "performance."
 - d. In your Note to Physician statement, note the spelling of "infection."
 - e. In your Physical and Chemical Properties section, change "infection" to "infection."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Jay S. Ellenberger

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid contact with eyes, skin or clothing. Do not allow spray to contact food, feed-stuffs and water supplies. Thoroughly wash food contact surfaces with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying. Do not apply this product in conduits motor housings, junction and switch boxes of other electrical equipment because of possible shock hazard. Do not use this product in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting. Get immediate medical attention.

If on skin: In case of contact, remove contaminated clothing and wash skin with soap and water.

If in eyes: Flush eyes with plenty of water

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor.

Treat symptomatically. Atropine only by injection is an antidote.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Keep away from heat sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

For use in non-food areas, Indoors and Outside premises of Hotels, Motels, Homes, Apartments, Office, Institutional, Storage and Recreation Buildings, Supermarkets, Restaurants, Bakeries, Ship Cabins, also for use in Campers, Mobile Homes.

CONTACT SPRAY-KILLS AND REDUCES INFESTATIONS OF Cockroaches, Crickets,

Silverfish, Clover Mites, Centipedes, Millipedes, Firebrats, Earwigs, Sowbugs, Ants, Spiders, Fleas: Use as a spot treatment. When possible, spray directly on nests to reduce infestations. Apply as a coarse spray or with a paint brush into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators and other appliances, baseboards and storage areas. Apply spray until area is wet, but not to the point of run-off. Repeat as necessary.

ANT: To kill ants, spray trails, nests and points of entry within buildings and homes. Spray directly on ants where possible. Repeat as necessary.

FLEAS, BROWN DOG AND LONE STAR TICKS: Thoroughly apply as a spot treatment to infested areas such as pets beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment. DO NOT TREAT PETS WITH THIS PRODUCT. Treat pets with a product registered for animal application to control the source of flea and tick infestation.

CARPET BEETLES: Thoroughly apply as a spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected.

RESIDUAL SPRAY: Aids in the control of Cockroaches, Crickets, Silverfish, Centipedes, Millipedes, Earwigs, Sowbugs. Kills up to 4 weeks. Apply on baseboards, cracks and crevices, around door and window frames, and other hiding places such as closets, in back of and under appliances, sink and cupboards in kitchens and bathrooms in basements, apply in hiding places in cracks and crevices, lower walls and dark places. Apply as a coarse wet spray in a 6 inch band until area is thoroughly wet but not to the point of run-off. Treat on a monthly basis or as necessary.

PESTS OUT-OF-DOORS

HOUSEFLIES, MOSQUITOES, OUTDOORS: For outdoor use only as a aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat as necessary.

ANT, BROWN DOG TICKS, CRICKETS, FLEAS, AND EARWIGS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas where there are weeds or bushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat application as infestations warrant and as reinestations occur.

STORAGE AND DISPOSAL

STORAGE: Do not use or store near heat or open flame. Keep away from food, feedstuffs, and domestic water supplies.

DISPOSAL Do not reuse empty container. Wrap container and put in trash collection.
