NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(2)(A) in order that you:

1. Submit/ret. all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Add the phrase "EPA Registration No. 498-145" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

Submit a storage stability study on this formulated product after 1 year of storage. The storage should be in warehouse conditions of temperature and humidity and stored in similar containers you will be using in the trade.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

STATEMENT OF PRACTICAL TREATMENT

BACK PANEL

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS C A U T I O N

Do not apply directly to food or feedstuffs. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After spraying in bakeries and other food processing plants, wash all equipment, benches, shelving, etc. where exposed food will be handled thoroughly with an effective cleaning compound and rinse with potable water. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Remove pets, and cover fish aquariums before spraying.

Harmful if swallowed or absorbed through skin. May cause eye or skin irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center. Do not induce vomiting. This product contains petroleum solvent. Aspiration may be a hazard.

If in eyes or on skin: Flush with plenty of water. Get medical attention if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Do not use or store near fire, sparks, or heated surfaces. Turn off pilot lights in gas appliances and unplug or turn off electrical equipment in the use area. After airing out phase is completed, relight pilot lights and reconnect electrical current. Do not smoke in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

One can treats an area up to 6,000 cubic feet (For Example, 20'x30'x10'). Use additional units where free flow of mist to infested areas is obstructed.

FOR USE IN HOTELS, MOTELS, HOMES, PRESCHOOLS, NURSERIES, DAY CAMPS, GREENHOUSES, LATHHOUSES, SEEDHOUSES, FOOD HANDLING ESTABLISHMENTS, PACKAGING AND PROCESSING PLANTS, COMMERCIAL, INDUSTRIAL, OFFICE, INSTITUTIONAL AND STORAGE BUILDINGS, MILK STORAGE ROOMS, MILK HANDLING AREAS OF MILK PLANTS, EGG PROCESSING PLANTS, SUPERMARKETS, RESTAURANTS, BOTTLING PLANTS, CAN-

NERIES, FLOUR AND FEED MILLS, BAKERIES, BOATS, SHIP CABINS AND HOSPITALS. IN HOSPITALS: PATIENTS SHOULD BE REMOVED PRIOR TO TREATMENT. ALSO FOR USE IN CAMPERS, MOBILE HOMES, BUSES, AUTOMOBILES, TRUCKS, AND BOXCARS. ALSO FOR USE IN DOG KENNELS AND HORSE STABLES. IN HORSE STABLES: NOT FOR APPLICATION IF HORSES WILL BE USED FOR FOOD.

Prior to spraying, cover asphalt tile, waxed wood floors, waxed furniture, and fabrics which may come in contact with the fog (newspapers can be used). Close outside doors and windows, and shut off fans and air conditioners.

For best results, open cabinet doors and drawers so that fog may contact all areas where insects can hide and breed. If flea or tick infestation is suspected, destroy pets bedding and treat pets with a product registered for animal application.

SHAKE WELL BEFORE USING

With can at arm's length, direct spray away from face and depress tab until it clicks into locked position. Moving quickly, direct spray into areas which harbor insects such as under sinks, under and behind stoves and refrigerators, and other similar dark areas. Place can on level raised surface such as a stand or table with protective covering underneath to protect the surface. Exit immediately. Leave area closed for 30 min. to kill house flies, fruit flies, mosquitoes, stable flies (dog flies), gnats (midges), small flying moths (millers), vinegar flies, wasps, hornets, bees, yellow jackets. Leave area closed for 2 hours to kill flying insects listed above and ants, booklice, carpet beetles, centipedes, crickets, earwigs, silverfish (firebrats), fleas (adults and larvae), grasshoppers, ticks (Lone Star and Brown Dog), millipedes, sowbugs (pillbugs), spiders and scorpions. To kill cockroaches as well as all of the listed insects, leave the area closed for 4 hours. Ventilate the treated area for 30 min. Repeat treatment in two weeks or as necessary.

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

WARRANTY STATEMENT

Our recommendations for the use of this product are based upon tests believed to be reliable. If not used in accordance with the directions or established safe practice no guarantee expressed or implied is made as to the effects. The buyer must assume all responsibility from the misuse of the product or in combination with other materials.
