Subject: Label Amendment - Registration Review Mitigation for Tetramethrin and Phenothrin
Product Name: SPRAYPAK WASP KILLER FORMULA 3
EPA Registration Number: 498-156
Case Number: 671743 & 675741
Application Dates: November 6, 2025

Dear Laura Radevski:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Phenothrin and Tetramethrin Interim Decisions, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Tiffany Green by phone at 919-541-2446, or via email at green.tiffany@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kevin Costello". The signature is written in a cursive, flowing style.

Kevin Costello, Branch Chief
Risk Management and Implementation Branch 2
Pesticide Re-Evaluation Division
Office of Pesticide Programs

CLEAN 11/06/25

CLEAN 10/23/25 498-156 Additional changes per EPA's e-mail on 9-30-25

08/21/25 498-156 "crack-and-crevice" wording to Industrial label.

08/13/25 498-156 additional "crack-and-crevice" wording added per EPA e-mail.

08/06/25 Additional language to 498-156 label per e-mail from EPA

07.17.25 Revised Amended label as per EPA's E-mail on 07-15-25 IRRD for Phenothrin and Tetramethrin

FRONT PANEL

SPRAYPAK

**WASP KILLER
FORMULA 3**

For both indoor and outdoor use

This product can be used both indoors (attics and other places where nests are built) and outdoors on wasp, bee, hornet and yellow jacket nests.

Gives rapid knockdown and kill of wasps, bees, hornets and yellow jackets.

Gives rapid contact kill and residual kill of listed insects returning to the treated nest.

REACHES NESTS UP TO 20 FEET ABOVE GROUND.

DIELECTRIC BREAKDOWN VOLTAGE: 37.8 KV by ASTM Test Method D-877-87.

ACTIVE INGREDIENTS:

Tetramethrin [(1-cyclohexene-1,2-dicarboximido)
methyl 2,2-dimethyl -3-(2-methylpropenyl)
cyclopropanecarboxylate]..... 0.200%
3-Phenoxybenzyl-(1RS, 3RS; 1RS, 3SR)-2,2-dimethyl-3-
(2-methylprop-1-enyl) cyclopropanecarboxylate..... 0.125%

***OTHER INGREDIENTS:**..... 99.675%
Total 100.000%

*Contains Petroleum Distillate

EPA Reg. No. 498-156-XXXX

EPA Est. No. 498-IL-1

[OPTIONAL MADE IN USA]

NET WT X lb XX oz (XXX g)

KEEP OUT OF REACH OF CHILDREN

CAUTION

Read precautions on back of can.

BACK PANEL – COMMERCIAL VERSION

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

USER SAFETY REQUIREMENTS

Applicators and other handlers must wear long-sleeved shirt and long pants, shoes plus socks, and chemical-resistant gloves: Barrier Laminate, Nitrile Rubber \geq 14 mils, Neoprene Rubber \geq 14 mils, Viton \geq 14 mils.

PERSONAL PROTECTIVE EQUIPMENT

Follow manufacturer's instructions for cleaning/maintaining PPE. If such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

----- TOP OF BOX -----

USER SAFETY RECOMMENDATIONS

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

----- BOTTOM OF BOX -----

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains Petroleum Distillate. Vomiting may cause aspiration pneumonia.

[Required if product sold in California

ATTENTION: Cancer risk from exposure to cumene. See www.P65Warnings.ca.gov

Or:

ATTENTION: This product can expose you to cumene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov]

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are visiting the area.

PHYSICAL OR CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Contents under pressure. Keep away from fire, sparks and heated surfaces. DO NOT PUNCTURE OR INCINERATE CONTAINER. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Spot treatments must not exceed two square feet in size (for example, 2 ft by 1 ft or 4 ft by 0.5 ft). Do not enter or allow others to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated. Wait two (2) hours after application, then open windows, vents and doors for 2 hours. If an odor is still detected, additional ventilation is required.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Do not apply when food is present.

Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off.

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Avoid contamination of food and feedstuffs. Do not use in food areas of food-handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food-processing surfaces and utensils during treatment or wash thoroughly before use. Exposed food should be covered or removed.

Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly into sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment. Do not apply or irrigate to the point of runoff.

Do not allow to enter indoor or outdoor drains

No permita la entrada a desagües internos o externos.

Follow proper disposal procedures on this label

Siga las indicaciones del etiquetado para el desecho apropiado del producto.

FOR CONTROL OF WASPS, BEES, HORNETS AND YELLOW JACKETS: The best time to spray the nest is in the early morning or early evening, when air temperature is cooler and most insects are in the nest and little activity is observed around the nest opening. Spray only if the air is still. Stand at a safe distance from the nest, not directly under it. Hold container upright at arm's length, point the actuator at the nest and spray in the opening of the nest first. Then spray the rest of the nest until it is saturated. Treated insects may fall out of the nest and die. Any insects returning to the nest after treatment will be killed. Wait 48 hours before removing the nest.

To treat insects harbored in voids and crack-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

All outdoor spray applications must be limited to spot and crack-and-crevice treatments only, except for the following permitted uses:

Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.) up to 2 feet above ground level. Treat surfaces to ensure thorough coverage but avoid runoff.

DO NOT USE THIS PRODUCT ON LIVING DECORATIVE TREES, SHRUBS OR ORNAMENTAL PLANTS.

When using indoors and outdoors, avoid wetting asphalt tile, shingles, rubber or plastic materials. Test on an inconspicuous area before using near any other type of surface.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Do not pour or dispose down the drain or sewer.

PESTICIDE STORAGE: Store in a cool, dry area away from heat or open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: DO NOT PUNCTURE OR INCINERATE!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for local disposal options.

----- BOTTOM OF BOX -----

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE USER OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.
