Subject: Label Amendment to Change First Aid Statements/Efficacy Review
SprayPak Ant & Roach Killer Formula 2
EPA Reg. No. 498-167
Your submission dated July 19, 2000 and August 7, 2000

Dear Ms. Hernandez:

The application for amendment of the subject product referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments specified below.

1. Revise your first aid statements to be identical to those appearing on the labeling submitted on July 19, 2000.
2. Move the sentences "Use only in well-ventilated areas. Do not use as a space spray. Avoid contamination of food or feedstuffs" as well as the remaining four paragraphs listed under the PRECAUTIONARY STATEMENTS section of your label to the DIRECTIONS FOR USE section.
3. Under the DIRECTIONS FOR USE section of your label, please revise the last sentence under GENERAL to read: "Spray surfaces until wet but not to the point of runoff."
4. Under the PRECAUTIONARY STATEMENTS section of your label, revise the "Causes eye irritation" statement to read "Causes moderate eye irritation". Revise the statement "Avoid breathing vapor or spray" to read "Avoid breathing vapor or spray mist."
5. When any new data is submitted (e.g., efficacy data), an updated data matrix and an offer to pay statement reflecting the new studies must also be submitted.

KEEP OUT OF REACH OF CHILDREN

CAUTION

Read precautions on back of can.

BACK PANEL

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if inhaled or absorbed through skin. Causes eye irritation. Avoid breathing vapor or spray, contact with skin, eyes or clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling. Use only in well-ventilated areas. Do not use as a space spray. Avoid contamination of food or feedstuffs.

Do not use in food areas of food-handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food-processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Remove pets and birds, and cover fish aquariums before spraying.

Do not apply this product in hospital patient rooms while occupied or any rooms while occupied by the elderly or infirm. Do not apply to classrooms while in use. Do not apply in institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present.

Do not allow children or pets to contact treated surfaces until spray has dried.

FIRST AID

IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. This product may pose an aspiration pneumonia hazard.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE.

GENERAL: Use this spray as a spot or crack and crevice treatment to control **COCKROACHES, FLEAS, SILVERFISH, TICKS, WATER BUGS,** and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet.

FOR SPOT TREATMENT:

TO KILL ANTS, BLACK WIDOW SPIDERS, CARPET BEETLES, COCKROACHES, CRICKETS, SOW BUGS AND SPIDERS: Spray areas where these insects are found or may hide, including dark corners of room and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, spray ant trails and around doors and windows, and wherever else these pests may find entrance

TO KILL TICKS AND FLEAS: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.** Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

FOR CRACK AND CREVICE TREATMENT:

TO KILL ANTS, BLACK WIDOW SPIDERS, TICKS, CARPET BEETLES, COCKROACHES, CRICKETS, FLEAS, SOW BUGS AND SPIDERS: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pinstream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food-handling surfaces.

FLIES AND MOSQUITOES: Use only outdoors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL: Do not reuse empty container. This container may be recycled in one of the limited number of aerosol recycling centers in the country. Before recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE!** If recycling is not available, wrap the container and discard in the trash.

THE USER OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.
