SprayPak Wasp Long Range Jet Spray, Formula 2, is a highly effective formulation which provides rapid kill of such crawling insects as listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides:

- | | | |
|-----------------|--|------------|
| Ants | Flies | Scorpions |
| Brown Dog Ticks | Hornets | Silverfish |
| Clover Mites | Millipedes | Sowbugs |
| Crickets | Mosquitoes | Spiders |
| Earwigs | Roaches | Wasps |
| Fleas | Saw-toothed grain beetle (exposed stage) | |

In addition to rapid initial kill, this product stays on treated surfaces and kills insects many weeks after the spray deposit has dried.

HOW TO USE: Unlike most pressurized residual sprays, SprayPak Wasp Long Range Jet Spray, Formula 2, shoots a lethal stream of spray allowing the user to direct the spray to a distance of up to 15 feet. Cracks, crevices, and hard-to-reach locations can be reached without bending, crawling, or climbing. Spray infested surfaces until wet, moving the spray stream rapidly to prevent excessive wetting of surfaces, and waste of material.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

OUTDOOR USE: ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, FLIES, HORNETS, MILLIPEDES, MOSQUITOES, SOWBUGS, WASPS AND BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray runways. For control of wasps and hornets apply after dark when all of the insects have returned to the nest. Repeat as necessary. Do not spray vegetation.

STORAGE: Do not store near heat or open flame. Store in a cool, dry place and out of the reach of children, preferably in a locked storage area.

DISPOSAL: Replace cap. Securely wrap original container in several layers of newspaper and discard in trash. Do not incinerate or puncture.
