KEEP OUT OF REACH OF CHILDREN

CAUTION

Read precautions on back of can.

BACK PANEL

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after use.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. Do not induce vomiting unless told to do so by a poison control center or a doctor.

Have the product container or label with you when calling a poison control center or doctor, or if going for treatment.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposures to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use this spray as a spot or crack and crevice treatment to control insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Apply to the point of wetness but not runoff.

Avoid contamination of food and feedstuffs. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

Do not use in commercial food-/feed-handling establishments, restaurants or other commercial facilities

where food is commercially prepared, processed or served.

Keep children and domestic animals off treated areas until dry. Do not use this product on pets.

Provides contact and residual kill of:

- | | | |
|------------------------|-----------------|----------------|
| Ants | Crickets* | Spiders |
| Cockroaches | Carpet Beetles* | Black Widow* |
| American Cockroach | Centipedes* | House Spiders* |
| German Cockroach | Silverfish* | Scorpions |
| Asian Cockroach | Firebrats* | Fleas |
| Smoky Brown Cockroach | Earwigs | Cat Flea |
| Brown-Banded Cockroach | Sowbugs* | Dog Flea |
| Oriental Cockroach | Pillbugs* | Ticks |
| Palmetto Bugs | | Brown Dog Tick |
| Water Bugs | | Deer Ticks* |

HOW TO USE: To kill Ants, Cockroaches, Crickets*, Centipedes*, Silverfish*, Firebrats*, Earwigs, Sowbugs*, Pillbugs* and Spiders*: Spray to contact as many insects as possible while thoroughly spraying all areas where the pests are suspected of hiding, such as the floor and baseboard areas of the pantry, food and pet food storage areas, cracks and crevices in walls and flooring materials, under sinks, under stoves, under refrigerators, around garbage containers, cabinets, door and window sills, thresholds, door and window frames, around floor drains, storage and utility installation areas, wall voids and where plumbing goes through the walls. Spray surfaces to wet. For Ants, also spray ant trails and the places where these pests come into the building.

TO KILL CARPET BEETLES*: Spray beetles when they are seen. Thoroughly vacuum and then spray surface of carpets and rugs in areas such as under sofas, chairs, tables, desks, and other low traffic areas (corners of rooms, closets, shelves) where the pests are seen. Spray the underside of rugs and carpets, when possible, allowing sprayed areas to dry before replacing the floor.

*Not registered for control in California.

TO KILL FLEAS AND TICKS: Prior to treatment, thoroughly vacuum the floor, upholstered furniture, baseboards, and pay special attention to areas where pets rest and areas under furniture. Remove and dispose of the vacuum bag containing ticks, fleas and flea eggs, larvae, and pupae in the garbage, preferably putting it into a plastic bag that can be securely closed. Discard in outside trash. This will prevent escapes which will reinfest the area. Apply as a spot treatment to areas such as the pet resting areas, pet bed, cracks and crevices, along baseboards, under furniture, and other areas where fleas and ticks are seen.

To prevent reinfestation of the treated area with fleas and ticks, and to protect your pets, treat the animals with an EPA registered product labeled for use on animals and also treat the outdoor areas with an EPA registered product labeled for that use.

STORAGE AND DISPOSAL

STORAGE: Store product in a cool, dry place, preferably a locked storage area. Keep container closed.

DISPOSAL: Do not reuse empty container. This container may be recycled in one of the limited number of aerosol recycling centers in the country. Before recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE!** If recycling is not available, wrap the container with newspaper and discard in the trash.

THE USER OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.
