INERT:.....87.500%

*Equivalent to 3.2% (Butylcarbityl) (6-Propylpiperonyl) Ether and .8% of Related Compounds.

TECHNICAL DATA — FLY CONTROL

Dosage required.....	1 sec. per 1000 cu. ft.
Treatment per unit.....	1,135,000 cu. ft.
Cost of treatments.....	Approx. 1/4¢ per 1000 cu. ft.
Delivery rate @ 70°F.....	1 gram per sec.
Cylinder.....	Aluminum
Propellant Gas.....	High Pressure
Coverage.....	Each 2 1/4 lb. unit will effectively treat approximately the same area as 17 gallons of an oil base spray without the use of over 16 1/2 gallons of petroleum oil.

SPECIFICATIONS

Flash Point: None. CSMA flammability test method.

Explosive Point: None. CSMA explosive test method.

Dielectric: 30.

DIRECTIONS

FLIES, MOSQUITOES, GNATS, SMALL FLYING MOTHS: Obtain cubic feet of space to be treated. Example: 10' high x 10' long and 10' wide = 1000 cubic feet. Close doors and windows. Spray from 1 to 4 seconds per 1000 cubic feet. Disperse in all directions. If possible, have fans operating to speed up circulation of aerosol fog throughout area being treated. Keep area closed for 15 minutes after treatment. Sweep up and destroy fallen insects. Repeat treatment as necessary.

GRAIN WEEVILS, CONFUSED FLOUR BEETLES, CHOCOLATE MOTHS, CARPET BEETLES, DRUG STORE BEETLES in exposed adult and larvae stages: Contact as many insects as possible when treating infested areas such as cracks, crevices, stored products, machinery, and dark secluded areas. For Carpet Beetles treat infested area of carpets, localized areas of floors, baseboards, and into cracks and under carpets where these pests may be found. Spray 10 to 20 seconds per 1000 square feet of floor space. Repeat treatment weekly or as insects appear.

WARNING:

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

Do not remain in treated areas. Ventilate the area after treatment is completed. Avoid breathing of vapor. Avoid contact with skin.

Remove pets, birds and cover fish aquariums before spraying. Apply this product only as specified on this label.
