MONEY BACK GUARANTEE
 If not satisfied when used as directed, return empty container to Whitmire for complete refund.

DIRECTIONS: To stop attacking dogs and dog fights: Unscrew protective cap. Hold Dog-Stopper in palm of hand and place index finger under valve tip. From a distance of 4 to 6 feet from attacking dog pull valve up with full force with index finger, directing foam into dog's face.
 To stop car-chasing dogs: From moving car, direct foam into chasing dog's face following above directions.
