

DIRECTIONS:
 This pressurized spray is not a repellent per se, but when used per the directions below trains cats psychologically by acting on the cat's senses of sight, sound, smell, and touch.

STEP 1. To keep cat away from bed, chairs, rugs, car top, TV, etc., catch it using forbidden spot. Hold cat's head near spot with one hand, with CAT TRAIN-ER in other hand spray cat's front feet from a distance of 4". Hold the valve all the way down to thoroughly wet one of its feet.

STEP 2. Important! Replace cap on CAT TRAIN-ER and leave it on forbidden spot. Repeat treatment when necessary.

MONEY-BACK GUARANTEE

If not completely satisfied when used as directed, return container to Whitmire for complete refund.
