ACCEPTED
MAY 25 1977
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 499-162

Whitmore
CAT-AWAY
CAT REPELLENT
TRAINS CATS AWAY
FROM TREATED SURFACES

Active Ingredients:
Methyl Nonyl Ketone 19.00%
Related Compounds 0.100%
Inert Ingredients 98.000%
EPA Reg. No. 499-162-AA
EPA Est. No. 499-MO-1

DIRECTIONS:

INDOORS: To break your pet's undesirable habits such as sleeping upon furniture, rugs or other forbidden areas, spray location lightly. If area is subject to staining, spray onto cloth or paper towel and tape, pin, or lay on surface. Repeat application daily until cat's habit is broken. Supplement use of Cat-Away with verbal scolding backed up with disciplinary action. **OUTDOORS:** To prevent your pet or stray cats from soiling flower beds, children's sandboxes and other areas, daily or every other day lightly spray perimeter of these areas until your pet's or stray cats' habits are broken.

WARNING:

Harmful if swallowed. Contents under pressure. Do not puncture. Do not apply to food crops. Avoid contamination of food and feedstuffs. Wash hands with soap and water after spraying. Avoid contact with skin. Do not use or store near heat or open flame. Exposure to temperature above 130° Fahrenheit may cause bursting. Never throw container into fire or incinerator.

CUSTOMER SATISFACTION POLICY

If not satisfied with this product for any reason, return empty container to Whitmore within one year of purchase for full refund. This shall be user's sole and exclusive remedy for any defect or failure of performance.
