

Label 18-2140 Rev. 2/80

### PT<sup>®</sup>140 Resmethrin Flushing & Contact Kill

**USES:** For Roaches, Spiders, Waterbugs, Ants, Earwigs, Sowbugs, Centipedes, Grain Mites

**DIRECTIONS:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Place valve on valve stem and press down lightly making sure tip is pointing away from face and body. Place injection tube tip in cracks, crevices, holes, and other small openings and release approximately 1 second per spot for flushing and contact kill.

Inject and spray all locations where the above insects may be a problem.

449-166  
**PT<sup>®</sup> 140  
Resmethrin**

For use by servicemen working for professional exterminators in homes, restaurants, food processing plants, hospitals, super markets, motels, hotels, offices

This product may be used in the above locations when food is not being processed by injecting into cracks, crevices and other locations where these insects may be a problem contacting directly as many insects as possible.

#### PRECAUTIONARY STATEMENTS • WARNING

**Hazards to humans and domestic animals:** Avoid inhalation of spray mist. Avoid contact with skin and eyes. Do not treat where spray may go into fish-tank pumps.

**Food processing areas of food plants:** Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using product in these areas, apply only when the facility is not in operation.

**Physical or Chemical Hazards:** Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc.

**DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.
