DIRECTIONS FOR USE

For a complete list of pests controlled, see the label on the container.

IN FOGGING EQUIPMENT AND HAND SPRAYERS

Fleas, Mosquitoes, Gnats, Small Flying Moths: Fog the room and discharge into a vigorous air current. Fog the room with the fogger for 10 minutes.

IN PRESSURIZED TANK SPRAYERS FOR WETTING CONTACT SPRAYS

Fleas (Infesting Premises): Remove all furniture from rooms, bedding and other sleeping quarters free from the spray. Spray the floor, walls, and baseboards. Repeat when necessary.

Roaches, Waterbugs: Apply to cracks and crevices in windows, under seats, in dark places, behind doors, and in dark water pipes and water traps. Repeat when necessary.

Clothes Moths, Carpet Beetles: Spray in protected areas. For carpet beetles, spray the seams, for carpet beetles, spray the edges and edges of a bedding and clothing.
