DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

IN FOGGING EQUIPMENT AND HAND SPRAYERS:

Flies, Mosquitoes, Gnats, Small Flying Moths: Close room and discharge mist vigorously in all parts of room, using 1 1/2 to 2 ounces per each 1000 cubic feet

of space. Leave room closed for at least ten minutes. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects. Repeat as needed.

IN PRESSURIZED TANK SPRAYERS FOR WETTING CONTACT SPRAYS:

Fleas (Infesting Premises): Remove and destroy animals' bedding and spray sleeping quarters freely, forcing the spray into all cracks in the floor and about the room. Repeat when re-infested.

boards and under furniture. Interior surfaces of storage containers such as closets, chests and trunks should be sprayed regularly. The treatment should be repeated every 30 days unless the articles are stored in moth-bait containers.

Roaches, Waterbugs: Apply in all cracks and crevices in woodwork, underneath sinks, dark places behind pipes, and in all places where roaches and waterbugs nest, contacting as many insects as possible. Repeat operation as often as necessary.

Granary Weevils, Rice Weevils, Confused Flour Beetle, Rust Red Flour Beetle, Saw-Toothed Grain Beetle, Cardenas, Grain Mites (accessible stages), Cigarette Beetle and Drug Store Beetles: Wet surfaces thoroughly and treat all infested surface areas, insect runways and hiding places at the rate of 1 gallon of this material to 1000 square feet of area, or to the point of run-off. Repeat when necessary.

Clothes Moths, Carpet Beetle: Spray all articles to be protected, giving particular attention to folds and seams. For carpet beetle, thoroughly treat the under sides and edges of carpeting and rugs, along base-

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Harmful if swallowed. Do not apply directly to food. When space spraying, cover or remove all food and food handling surfaces. Do not apply space sprays while food processing is underway. Except in Federally inspected meat and poultry plants, food processing operations do not have to be stopped while

applying a wet spray with care and in accordance with the directions and cautions above. Thoroughly wash with potable water all treated chutes, processing surfaces, etc. that food will come in contact with prior to re-use.

Remove pets and cover fish tanks before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame. Keep container closed.
