

**PT<sup>®</sup> 527 Metered Spray for Automatic Aerosol Dispensers**

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals:**

**CAUTION**

Harmful if inhaled. Avoid inhalation of vapor. Avoid contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and water. In case of eye contact flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feedstuffs.

Use 12' or more from exposed food. Do not use in nurseries or rooms where infants, ill or aged persons are confined.

**Physical or Chemical Hazards:**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted, or varnished surfaces.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PT 527 is designed for use in most automatic aerosol dispensing equipment.

Used in an Automatic Dispenser the special valve is actuated automatically, emitting 100 mg doses each 15 minutes. Each dose contains millions of tiny particles which float in the air, killing a high proportion of flies, mosquitoes, gnats, small flying moths and fruit flies.

Usually, the effectiveness of PT 527 will be noticeable within one hour after the dispenser is actuated. If less than 24 hour control is required, the dispenser should be set to start one hour before control is desired and run one hour after control is established.

Factors such as air change rate, size and shape of space treated, humidity, and temperature affect insect activity and control. One dispenser per 6000 cubic feet may be considered an average, although in a wind-free area, more coverage can be expected. Best results are achieved when good sanitary practices are used. For best results mount the dispenser as high as possible and in a location where moving air will carry spray throughout the desired area.

**DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

EPA Reg. No. 499-312 EPA Est. No. 499-880-1

Whitnir Research Laboratories, Inc., St. Louis, MO 63122

**PT<sup>®</sup> 527 WITH Allethrin**

**3000 Metered Insecticide Sprays**

**Kills flies, mosquitoes, gnats, small flying moths, and fruit flies**

<b>Active ingredients:</b>	
Allethrin (Aryl Homolog of Cynerin I)	1.00%
Piperonyl Butoxide, Technical*	5.00%
Petroleum Distillate	6.00%
<b>Inert ingredients:</b>	<b>88.00%</b>
*Consists of 4.0% (butylcarbitol) (6-propylpiperonyl) Ether and 1.0% Related Compounds	

**For Use In:**  
Food Service and Preparation areas  
Farms  
Hotels  
Homes  
Kennels  
Factories  
Laboratories  
Liquor stores  
Schools  
Restaurants  
Clubs and Storage Areas of Hospitals and Nursing Homes

**Net Wt. 10.5 oz.**

**CAUTION:** Keep out of reach of children. See side panel for additional cautions.
