

CAUTION:

Precautionary Statements

Hazards to Humans and Domestic Animals: Avoid contact with eyes. Some animals, particularly cats and kittens, may be sensitive to insecticides. See "Directions for Use" for specific application information. If adverse reactions are observed (e.g., heavy salivation, lethargy, breathing difficulties, or other unusual reactions), bathe pet immediately in warm, soapy water. If symptoms persist, seek medical attention.

Physical or Chemical Hazards: Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Do not store below 32°F. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards: This product is toxic to fish. Do not contaminate water, food or feed by storage or disposal.

Statement of Practical Treatment: If in eyes: Immediately flush eyes with plenty of water. Get medical attention if irritation persists.

Storage and Disposal:

Storage: Store in a cool area away from heat or open flame and in an area out of reach of children. Do not store below 32°F.

Disposal: Do not reuse empty container. Replace cap and securely wrap original container in several layers of newspaper and discard in trash. Do not puncture or incinerate.

Notice - Limited Warranty

3M guarantees only that the product, if used as directed, will perform as described on this label. 3M makes no other guarantees, warranties, or promises for the product.

3M will replace any defective product. This replacement warranty is the buyer's only remedy against 3M for a defective product and replaces any other claim against 3M for damage or loss of any type.

Some states do not allow the exclusion or the limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

For any warranty questions, contact Animal Care Products/3M

"SECTROL" IS A REG. TM OF 3M

U.S. Patent: 4,058,810

Sectrol[®] 3M Shake Well Before Using

Directions for Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Start by applying a one-second burst of SECTROL Two-Way Flea Foam directly on haircoat near the pet's head, avoiding contact with the eyes. (Note: SECTROL Two-Way Flea Foam is an excellent product to use on nervous or hyperactive pets because it can be applied first into your palm while you face away from the animal.) Massage the foam into the haircoat until it disappears.

2. Repeat this procedure making sure to thoroughly moisten, but not soak, the entire haircoat. When applying to cats, use a one-second burst for each pound your cat weighs. Usually 4-5 one-second bursts will cover a 5-7 pound cat. The amount required will vary with the size of the pet and density of the haircoat.

3. It is important to apply SECTROL Two-Way Flea Foam as evenly as possible over your pet's body because fleas will migrate to untreated areas (e.g., toes, footpads, around the ears, etc.).

4. Applying this product at the level described above will provide rapid flea kill and at least 8 days residual activity. Because some animals, particularly cats and kittens, may be sensitive to insecticides, do not exceed the recommended application rate on cats and kittens unless so advised by your veterinarian.

5. Allow your pet to dry. Do not towel dry as this will remove many of the SECTROL Two-Way Flea Foam microcapsules. (These microcapsules provide the insecticide's time-release residual activity.) A blow dryer works well to shorten the drying time.

6. For best results, reapply SECTROL Two-Way Flea Foam weekly. In addition to treating your pet directly, control of fleas in your pet's environment is important if you wish to eliminate fleas from your home. Ask your veterinarian about SECTROL Premise Spray (No. 1494) to help eliminate fleas from the carpeting, furniture and other pet activity areas. When used as directed, SECTROL Premise Flea Spray provides 30-day residual control of fleas in the home.

Two-WayTM Flea Foam No. 1498

Residual flea and tick treatment with knockdown. For use on cats. Also for dogs that are sensitive to conventional sprays.

Contains Microencapsulated Natural Pyrethrins for Residual Activity and Unencapsulated Natural Pyrethrins for Knockdown.

EPA Reg. No. 499-231-10350
EPA Est. No. 499-MO-1

Active Ingredients	
Pyrethrins	0.15%
*Piperonyl Butoxide Technical	0.70%
N-Octyl Bicycloheptene Dicarboximide	0.34%
Petroleum Distillate	0.61%
Inert Ingredients	98.20%
	100.00%

Contains sodium nitrite as a corrosion inhibitor

*Equivalent to 0.56% Butylcarbyl 16 plus piperonyl ether and to 0.14% related compounds

KEEP OUT OF REACH OF CHILDREN

CAUTION:
SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

Net Weight: 12 oz. (340 g)
