DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INDOORS: FLORAL SHOPS, GARDEN CENTERS, GREENHOUSES, HOBBY GREENHOUSES, HOMES, INTERIORSCAPES

For light infestations of insects treat at the rate of 1 ounce per 100 square feet.

For heavy infestations of insects treat at the rate of 2 ounces per 100 square feet.

Spot Treatment For control of light and localized infestations of flying insects, thoroughly wet surfaces at a distance of 12 to 18 inches. Repeat applications as necessary.

OUTDOORS: LANDSCAPES, NURSERIES, ORNAMENTAL PLANTS, SHRUBS

For best results, spray when air is still. Use slow sweeping motion and apply to the point of run-off. Avoid wetting foliage with spray if plants are in bloom. Use 1 gallon per 1,000 square feet. Repeat when necessary.

FOR USE INDOORS AND OUTDOORS ON, BUT NOT LIMITED TO:

RESIDENTIAL-INDOOR PESTS

Cockroaches, Spiders, Silverfish, Crickets, Firebrats, Wasps, Ants, [illegible]

Spring Insects, Gnats, [illegible]

RESIDENTIAL-OUTDOOR PESTS

Flies Spray outside surfaces of screens, doors, and windows where these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where insects light or congregate. Repeat as necessary.

Ants, Crickets For treatment of localized infestations of these insects in outdoor areas where there are weeds or brushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as necessary as a control and as reinfestations occur.

STORAGE AND DISPOSAL:

STORAGE Store in a cool dry place away from heat or open flame and inaccessible to children. Do not store with food.

CONTAINER DISPOSAL Do not reuse empty container. Do not burn or incinerate. Replace cap and discard in trash.

PESTICIDE DISPOSAL Securely wrap container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION Avoid breathing spray mist. Avoid contact with eyes or clothing. In case of contact by eyes, rinse with plenty of water. Wash thoroughly after using and before eating, drinking, or using tobacco. Avoid contamination of food, utensils and food preparation areas. Food should be removed or covered before treating. Wash food contacting surfaces and cooking utensils should be rinsed during treatment or thoroughly cleaned before use.

Remove pets and birds and cover aquariums before use.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Keep out of lakes and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS: [illegible]

Do not spray where the atmosphere is thoroughly saturated with particles, mists, or vapor. Do not apply into any electrical equipment such as switch boxes, telephone, etc.

SPECIAL NOTICE: Do not use PT 1600A in greenhouses where plants are grown for defoliation or sale for planting purposes or where [illegible]
