

NOTICE OF PESTICIDE☐ REGISTRATION
☒ REREGISTRATION(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Whitmire PT® 515 Wasp-Freeze II

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Whitmire Research Laboratories, Inc.
3568 Tree Court Industrial Boulevard
St. Louis, MO 63122

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 499-264" to your label before you release the product for shipment.
3. Submit the 1-year storage stability study when complete.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

3. Paralysis

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or inhaled. May be absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin and eyes. Use outdoors only. Wash thoroughly after using and before smoking or eating.

Environmental Hazards: This product is toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Cleaning of equipment or disposal of wastes must be done in a manner that avoids contamination of bodies of water or wetlands.

Physical or Chemical Hazards: Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic or asphalt surfaces. Spray will cause damage to plants on contact.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not stand directly under nest being treated as falling insects may fall onto skin or clothing.

Wasps & Hornets: With wind at back of user spray nest from a distance of 8 to 10 feet. Spray until all of nest is contacted.

Yellow Jackets and Bees: Spray with a sweeping motion any stimulated or stirred-up insects around nest opening. Then move forward spraying directly into nest hole for 6 to 8 seconds. This will suffocate nest. Other bees trying to return to nest will be repelled and will fly around and away harmlessly.

Spiders: Spray directly at a distance of 8 to 10 feet until all of web is contacted.

Note to Painters: After treatment, remove nest, dry surface and paint or carry out any other outdoor activity.
