

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 499-271	DATE OF ISSUANCE February 14, 1989
	TERM OF ISSUANCE Until Reregistration	
	NAME OF PESTICIDE PRODUCT Whitmire PT 40C	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
 (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Whitmire Research Laboratories, Inc.
 2910 West Court Industrial Boulevard
 Charlotte, NC 28217

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 2(c)(7)(A) provided that you:

1. Do not use the data submitted in connection with registration of your product in interstate or foreign commerce (U.S. or foreign) without the approval of the Agency to permit such data.
2. Add the phrase "EPA Registration No. 499-271" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

WHITMIRE PT® 400

SHAKE WELL BEFORE USING

GENERAL INFORMATION

PT® 400 Flea Killer and Growth Regulator contains an insect adulticide and a growth regulator. Occasionally adult fleas may be present in treated areas when reintroduced from infested animals. PT® 400 also kills the adult and larvae stages of carpet beetles and prevents them from reoccurring.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or inhaled. May be absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes, or clothing. Wash thoroughly after using and before smoking or eating. Do not allow children or pets to contact treated surfaces until spray has dried. Avoid contamination of food, utensils, and food preparation surfaces. Remove pets and birds and cover or remove aquariums before use.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Apply this product only as specified on the label. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130° may cause bursting. Do not spray directly into any electronic equipment such as radios, televisions, computers, etc.

DIRECTIONS FOR USE

It is a violation to use this product in a manner inconsistent with its labeling.

All carpeted areas should be thoroughly vacuumed before treatment. Thoroughly treat infested areas such as rugs, carpets, pet beds and pet resting areas. Hold can at arms length directed toward the area to be treated. Use a sweeping motion to apply product and back away from treated area. 100 sq. ft. of area can be treated in approximately 10 seconds.

Use one 16 oz. can of PT® 400 per 1,500 sq. ft.

Side Panel (cont.)

Cover aquariums and fish bowls and remove birds from area prior to treating. Treated areas should be vacated during application. OTHER THAN APPLICATOR DO NOT PERMIT HUMANS OR PETS TO CONTACT TREATED SURFACES UNTIL THE SPRAY HAS DRIED. Old pet bedding should be replaced with fresh, clean bedding after treatment. Do not treat Pets with this product. To control the source of flea infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool dry area away from heat or open flame and inaccessible to children.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Replace cap, wrap in newspaper and discard container in trash, sanitary landfill or by other approved state and local procedures. Do not incinerate or puncture.
