NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

d. Revise the Environmental Hazards statements as follows:

This pesticide is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

e. On the side panel, second paragraph, add the word "feed" to the following sentences:

- "in the food/feed areas..."
- "of food/feed handling establishments..."
- "where food/feed is commercially prepared..."
- "cover exposed food/feed or..."

f. Use in food handling establishments can imply use in U.S. Department of Agriculture (USDA) Meat and Poultry Plants. Therefore, either add the statement "Not for Use in USDA Meat and Poultry Plants" or submit an application to USDA requesting use in these areas. If granted, you can then indicate on the label that the product can be used in these areas.

3. We note that a one year storage stability study for this product is in progress and that it will be submitted when completed but no later than twelve months from the date of this notice.

4. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 5(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager (15)

PT® 310
Abamectin Dust

ACCEPTED
with COMMENTS
in EPA Letter Dated:

6/11/90
(499-294)

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No.

KILLS: Ants, Booklice, Carpet Beetles, Cockroaches, Crickets, Drugstore Beetles,
Earwigs, Flour Beetles, Grain Weevils, Pillbugs, and Sowbugs.

For use in: Garages, Homes, and the nonfood/feed, non-patient areas of Hospitals,
Hotels, Motels, Nursing Homes, Transportation Equipment (Buses, Boats, Ships,
Trains, Planes), Utilities, Warehouses, and other commercial and industrial
buildings.

ACTIVE INGREDIENTS:

Abamectin B₁ [A mixture of avermectins containing 80% avermectin B_{1a} (5-0-
demethyl avermectin A_{1a} and 20% avermectin B_{1b} (5-0-demethyl-25-de(1-
methylpropyl-25-(1-methylethyl) avermectin A_{1a})] 0.05%

INERT INGREDIENTS:

. 99.95%

EPA Reg. No. 499-XXX EPA Est. No. 499-MO-1

Recommended for Use by Commercial Applicators

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink 1 or 2 glasses of water and induce vomiting by touching back
of throat with finger. Do not induce vomiting or give anything by mouth to an
unconscious person. Get medical attention.

IF INHALED: Remove patient to fresh air. Apply artificial respiration if
indicated. Seek medical attention.

IF ON SKIN: Wash with soap and warm water. Seek medical attention if irritation
persists.

IF IN EYES: Flush with plenty of water. Seek medical attention if irritation
persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe dust. Do not allow to contact skin, eyes or clothing. If contact occurs, wash skin with soap and warm water, or eyes with clean water.

Wash hands and exposed skin before eating, drinking or smoking and after handling. Wash all contaminated clothing thoroughly before reuse.

Do not apply where children (or domestic animals) are likely to come in frequent contact with treated areas. Any powder visible after application is complete should be brushed into cracks or crevices or removed. No generalized dusting should be done in household areas accessible to children or pets.

ENVIRONMENTAL HAZARDS: This product is highly toxic to bees exposed to direct treatment or to residues on plants.

Do not apply directly to water. Do not contaminate water by cleaning equipment or disposal of wastes.

PRECAUTIONS: Do not use on or contaminate fruit, vegetables or other food or feed crops.

Do not apply to humans, animals, clothing or bedding.

Do not contaminate feed or food products or food preparation surfaces, dishes, kitchen utensils and food containers.

IMPORTANT NOTICE

Do not dispense this product with power dusters in confined areas (i.e. attics, hot water heater closets, furnace rooms, etc.) in the presence of open flames, such as pilot lights.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PT® 310 is intended for application with hand or power duster or by other suitable means, to hiding and runway areas and those places where pests are found. To apply insecticide directly into cracks and crevices, use a bulbous duster or other suitable equipment. Apply lightly and uniformly to infested areas. Pay particular attention to: cracks and crevices; service ducts; false floors and ceilings; wall voids; around electrical and telephone fittings and equipment; around water and sewer pipes; under and behind cabinets, refrigerators and sinks; around window and door frames; and in attics and crawl spaces. The amount to be

BEST AVAILABLE COPY

SIDE PANEL (cont.)

applied will vary with the site. Concentrate treatment at insect activity sites. For light infestations, a minimum of 4 - 6 bait points is recommended per 100 sq. feet of treatment area. For heavy infestations, a minimum of 12 - 24 bait points is recommended per 100 sq. feet of treatment area. Repeat treatments as necessary to maintain adequate control.

Do not use in the food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. (Serving areas are considered areas where prepared foods are served, such as dining rooms, but exclude areas where foods may be produced or held.) In the home, all food processing surfaces and utensils should be covered and surfaces washed following treatment. Cover exposed food or remove from premises.

Examples of nonfood areas in food/feed handling establishments are garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, garages, mop closets, and storage (after canning and bottling).

Cockroaches (Will also kill carbamate, organophosphate and organochlorine resistant strains), Ants and Crickets: Apply thoroughly to all areas where these pests crawl and hide, especially in cracks and crevices and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under cabinets, stoves, behind refrigerators and in attics and crawl spaces. For ants, apply to cracks and crevices around doors and windows and other places where ants enter premises.

Earwigs, Pillbugs and Sowbugs: Apply in cracks and crevices around doors and windows and other places where these pests may enter premises. Treat voids and other enclosed locations where these pests are found.

Pantry Pests - Drugstore beetles (in exposed adult and larva stages), Flour beetles, Grain weevils: Remove all food and shelving paper before treatment. Treat cracks and crevices and/or voids where these insects may be harboring or hibernating. Infested areas include but are not limited to cracks and crevices in cabinets, pantries and wall voids. Repeat as necessary. Cover shelves with shelving paper after treatment. Infested food packages should be destroyed.

Carpet Beetles (Black, Furniture and Varied): Apply to cracks and crevices where these insects are found.

OUTDOOR USE: Use for control of ants, cockroaches, crickets, earwigs, ground beetles, pillbugs and sowbugs. Inject into cracks and crevices around windows and doors, porches, screens, eaves, patios, garages, under stairways and in crawl spaces and other areas where pests hide, such as tree holes and cracks in fences.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a tightly closed container in a cool, dry place.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
