**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS
CAUTION**

Harmful if inhaled. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and foodstuffs.

Do not use in commercial food processing, preparation, serving or storage areas in the home. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE
General Classification**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Made by Peterson/Puritan, Inc.
Hogeler Lane
Danville, IL 61832

STORAGE AND DISPOSAL

STORAGE - Store in a cool, dry area away from heat or open flame.
DISPOSAL - Do not reuse empty container. Wrap container and put in trash collection.

This product will kill Houseflies, Mosquitoes, Black Carpet Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Spiders, Wasps, PM Bugs, Crickets, Silverfish, Centipedes, Fleas, and Ticks.

Aids in the control of Cockroaches.

Cover exposed food, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioning. Put out all flames and pilot lights. Close doors and windows. Paint valve opening away from face and eyes when releasing. Use one unit for each 5,000 cubic feet of unobstructed area. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, reaching the catch. Then place fogger on stand or table in center of room with valve locked open, placing several layers of newspaper or pad under fogger. Leave unattended at once and keep building closed for four hours before going out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

TO KILL TICKS: Destroy old pet bedding and replace. Use product at above. Treat dogs and cats with registered tick control product prior to re-entry.

TO KILL FLEAS: Follow directions for ticks but use one unit per 1,500 cubic feet of room space.

P/P TOTAL RELEASE INDOOR FOGGER
