This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5).

1. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 499-383"

b. Delete the following claims and/or advertising: -

- "Eliminates"
- " The first roach bait designed to rid etc..."
- "without the need for sprays or bait stations"
- "Elimination"
- "there is no need to come back and retrieve etc....."

SURNAME	MOATS						
DATE							

c. Revise the precautions under "Hazard to Humans and Domestic Animals" to reflect the same precautions as that appearing on the labels for EPA Registration No. 499-294

d. This product is for homeowner use, therefore revise the statement under "Important Notice to read " as follows:
.....Do not disperse this product with power dusters. For crack and crevice treatment only."

e. In the Ingredients Statement, change "Active Ingredients" to the singular.

2. The Confidential Statement of Formula (CSF) dated October 21, 1992 will not meet the label claim for the nominal concentration for the active ingredients. The upper and lower certified limits are based on the pure active ingredients rather than the technical or the concentrate. Refer to the PR notice 91-2 and 40 CFR 158.175 for guidance and revise the CSF to reflect the nominal concentration of the pure active ingredient.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6 (e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

499-383

The first roach bait designed to rid your house of unsightly bait stations. Unique applicator allows PT* 310 HO to kill roaches where they live and breed, without the need for sprays or bait stations.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use in commercial food/feed handling establishments, restaurants, or other commercial areas where food/feed is prepared, stored or processed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Cockroaches and Waterbugs (Will also kill carbamate, organophosphate, organochlorine and pyrethroid resistant strains): PT* 310 HO is applied by squeezing the tube and depositing a small amount of bait (1/8 tsp) back into cracks and crevices where roaches live and breed. It only takes a small amount of dust per bait point to give control. Remember, if you put more bait points in a room, you will kill roaches quicker and keep killing them for months.

Apply lightly and uniformly to roach infested areas. Pay particular attention to cracks and crevices around baseboards, refrigerators, sinks and around window and door frames.

Concentrate treatment at insect activity sites. For light infestations, a minimum of 4-6 bait points (1/8 tsp) is recommended per 100 sq. ft. of treatment area. For heavy infestations, a minimum of 12-24 bait points (1/8 tsp) is recommended per 100 sq. feet of treatment area. Repeat treatments as necessary.

PT* 310 HO is a new patented approach to effective roach elimination. This new baiting concept lets you control how many bait points to put out and there is no need to come back and retrieve old and ineffective bait stations. PT* 310 HO bait keeps killing as long as it is available.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place away from children and pets.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe dust. Do not allow to contact skin, eyes or clothing. If contact occurs, wash skin with soap and warm water, or eyes with clean water.

Wash hands and exposed skin before eating, drinking or smoking and after handling. Wash all contaminated clothing thoroughly before reuse.

Any powder visible after application should be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets.

Do not apply directly to water. Do not contaminate water by cleaning equipment or disposal of wastes.

PRECAUTIONS: Do not use on or contaminate fruit, vegetables or other food or feed crops.

Do not apply to humans, animals, clothing or bedding.

Do not contaminate feed or food products or food preparation surfaces, dishes, kitchen utensils and food containers.

IMPORTANT NOTICE

Do not dispense this product with power dusters in confined areas (ie. attics, hot water heater closets, furnace rooms, etc.) in the presence of open flames, such as pilot lights.

LIMITATION OF LIABILITY

Manufacturer warrants that this product conforms to the chemical description on the label. Buyer assumes all risks of use in handling which are at variance in any way with the directions on the label. MANUFACTURER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. DAMAGES CAUSED BY THIS PRODUCT ARE LIMITED TO REPLACEMENT OF THE PRODUCT OR RETURN OF THE PURCHASE PRICE.
