

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
499-467

Date of Issuance:
SEP 25 1996

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Unconditional
Name of Pesticide Product:
Whitmire Avert TC-181

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):
Whitmire Research Laboratories, Inc.
3568 Tree Court Ind. Blvd.
St. Louis, MO 63122

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3) (c) (2) (B).

- 1. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 499-467
 - b. Add a Precautionary Statements section and the following"
"HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION"

Signature of Approving Official:

Date:

EPA Form 857U-6

CONCURRENCES

SYMBOL	FRCS					
SURNAME	PH					
DATE	9/25/96					

c. Under Precautionary Statements add "Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling."

d. Under Precautionary Statement add "IF ON SKIN: Wash with plenty of soap and water. Get medical attention."

e. Under Precautionary Statement add "IF IN EYES: Flush eyes with plenty of water. Call a Physician if irritation persists."

f. On the front label delete "Halt cockroach egg production, inhibits reproduction". Abamectin is a stomach poison and has no effect on roach reproduction.

g. The word "New" may be used for six months from the date of this registration notice.

h. Change "Federal Law" to "Federal law".

i. Revise the statement to read: "Not for Use in Federally Inspected Meat and Poultry Plants."

j. Under the Directions For Use expand the instruction "replace bait when necessary" by including a approximate time when the bait should be replaced i.e. every 3, 4, 5 months based upon efficacy data.

The acute toxicity data submitted in support of EPA Registration Number 499-294 is acceptable in support of this product formulation. We grant your request for a waiver for acute inhalation toxicity data since the subject product does not produce an inhalable material.

ACUTE TOXICITY REVIEW

STUDY	CATEGORY	CLASSIFICATION
Acute Oral	IV	Acceptable
Acute Dermal	III	Acceptable
Acute Inhalation		Waived
Eye Irritation	III	Acceptable
Dermal Irritation	IV	Acceptable

We assume that you have efficacy data to support the pest control claims on the labeling. Please confirm. If you do not you will need to submit the "cite all" offer to pay form for use of data in support of these claims.

ACCEPTED
with COMMENTS
in EPA Letter Dated

25 SEP 1996

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

499-467

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

COCKROACHES : Concentrate treatment at insect activity sites, and other sites where these insects are found.

1. Break baits apart from the plastic frame.
2. For thorough roach control, use as many baits as necessary to achieve good coverage and control of the existing infestation for the treated area.
3. For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. Use under and around equipment and appliances. If possible place in voids.
4. Baits work best on horizontal surfaces touching corners and walls. If you apply a bait on a vertical surface, use the enclosed stickers.
5. Replace baits when necessary.

APPLICATIONS IN FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which food is held, processed, prepared or served.

FOOD AREAS: Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste and storage and enclosed processing systems (mills, dairies, edible oils, syrups). Do not contaminate feed or food products or food preparation surfaces. Use as instructed above.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Wrap container and put in trash collection.
