NOTIFICATION

JAN 30 2004

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification of label change relative to PR Notice 2001-6. This notification is consistent with the guidance in PR Notice 2001-6 and the requirements of EPA's regulations at 40 CFR 165.10 and 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the guidance of PR Notice 2001-6 and the requirements of 40 CFR 156.10 and 40 CFR 152.46, this product may be in violation of FIFRA and may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

TC 234

Ant Bait Stations

TC 234 Ant Bait Stations contain a slow acting insect bait. For best results, placement of the bait should be into or near insect harborage sites.

PRECAUTIONARY STATEMENTS

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-225-3320 for emergency medical treatment information.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

ANTS: Concentrate treatment at insect activity sites. Ants are attracted to the bait and it is carried back to the nest to kill the queen and destroy the colony. TC 234 baits are packaged in a child-resistant container.

- 1. Break bait stations apart from the plastic frame. [Alternate Directions: Remove bait station from container or wrapper.] To stick on vertical surfaces, remove peel and stick backing on reverse side of bait station. [Alternate Directions use enclosed glue dots.]
2. For thorough ant control, use as many bait stations as necessary (normally 3-4 stations for an average size room or 6-8 stations for a heavy infestation).
3. For best results, also place bait stations along walls, baseboards, in corners, under sinks, in cabinets, pantries, near plumbing, electrical lines, potted plants, waste receptacles, sensitive electronic equipment, inside drop ceilings, wall voids, under and around equipment and appliances.
4. Replace bait stations when necessary, approximately every 3 months.

APPLICATIONS IN FOOD HANDLING ESTABLISHMENTS:

Food handling establishments include places other than private residences in which food is held, processed, prepared or served.

FOOD AREAS: Includes areas for receipt, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Avoid contamination of food. Use as instructed above.

AIRCRAFT CABINS: Place bait stations in suspected and active ant areas. Place bait stations in areas between elements of construction. Use up to 6 bait stations per galley and up to 3 bait stations per rest room. In cargo holds, use 6-12 bait stations per 100 sq. feet. Do not use bait stations in cockpit area.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Do not reuse! Place empty bait station in trash or offer for recycling if available. If station is partly filled, call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. NEVER PLACE UNUSED PRODUCT DOWN ANY INDOOR OR OUTDOOR DRAIN!

Dear Sir/Madam:

Enclosed in support of this action is a completed application and one copy revised labeling for each of the referenced products. The disposal statement has been revised to be consistent with PR Notice 2001-6.

These notifications are consistent with the guidance in PR Notice 2001-6 and the requirements of EPA's regulations at 40 CFR 156.10 and 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of these products. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if these notifications are not consistent with the guidance or PR Notice 2001-6 and the requirements of 40 CFR 156.10 and 40 CFR 152.46, these products may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.
