SUBJECT: Application for Pesticide Notification – Alternate Brand Name/Removal of 1-800-CLEANUP
TC 263 - Alternate Brand Name "Prescription Treatment® brand ULD™ HydroPy-300® Formula 2"
EPA Reg. No. 499-511
Application Dated May 4, 2007

Dear Ms. Thomas:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

Linda Arrington *for*

NOTIFICATION

JUN 12 2007

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

REPLACEMENT final printed labeling correcting the EPA Registration Number following our submission dated 4/17/07. Replacement labeling includes revisions per Agency comments with Notice of Pesticide Registration dated 12/5/06 and Notification of addition of alternate brand name, Prescription Treatment brand UDL HydroPy-300 Formula 2, and removal of 1-800-CLEANUP telephone number from Storage & Disposal. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the CSF of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Section - III

Re: REPLACEMENT Final Printed Labeling; Notification of Alternate Brand Name and Removal of 1-800-CLEANUP telephone number per PR Notices 98-10 and 2007-1 respectively TC 263, EPA Reg. No. 499-511

Please accept this as a replacement for final printed labeling submitted 4/17/07. While preparing marketplace labels for submission to the states, I noticed that we had inadvertently included the wrong EPA Registration Number on the final printed labeling submitted 4/17/07 (it was noted as 499-516 instead of 499-511). Enclosed are two (2) copies of (corrected) final printed labeling per Agency comments made in conjunction with the Notice of Pesticide Registration dated December 5, 2006. I certify that the correction of the EPA Registration Number is the ONLY revision made since the 4/17/07 submission. Below is a summary of the revisions made with the 4/17/07 submission.

Revisions to the label pursuant to Agency comments in the Notice of Pesticide Registration include the following:

- EPA registration number revised to read, "EPA Reg. No. 499-511".
- Added section entitled "Safe Handling Procedures"; baseline PPE included.
- Added the statement "Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals."
- Did NOT add "Note to Physician". This product does not contain petroleum distillates. Please see enclosed e-mail from Richard Gebken, dated 12/12/06, confirming that a Note to Physician is not applicable for this product.
- Removed all pests of public health significance and corresponding Directions for Use.

Additional revisions allowed by Notification include:

- Added alternate brand name **Prescription Treatment® brand ULD® HydroPy-300® Formula 2**. We may also include the descriptor, Pyrethrin Concentrate, although it will not officially be part of the brand name.
- Removed 1-800-CLEANUP telephone number from Storage & Disposal.

This notification is consistent with the provisions of PR Notices 98-10 and 2007-1 and EPA regulations at 40 CFR 152.46 and no other changes have been made to the labeling or the CSF of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notices 98-10 and 2007-1 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Also enclosed is a self-addressed, postage paid postcard that, when filled out, would indicate the status of this notification. Please take a moment to fill in the appropriate information and drop it in the mail for our records. Your assistance in this regard is certainly appreciated.

Thank you for your assistance in this matter. Should you have any questions or need to contact me for any reason, you may do so by telephone at (636) 861-4223 or, via electronic mail, at dana.thomas@wmmg.com.

Sincerely,

Dana M. Thomas

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 - 20 min. Remove contact lenses, if present, after the first 5 min, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-225-3322 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

ENVIRONMENTAL HAZARDS
This product is highly toxic to fish. Do not contaminate bodies of water when disposing of equipment rinsate or wash waters.
TERRESTRIAL USES: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment wash waters.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

- USE RESTRICTIONS
• Apply this product only as specified on this label.
• Do not remain in treated area when applying as a space treatment. Ventilate area thoroughly before reentering.
• Do not allow children or pets to enter the treated area until it has been thoroughly ventilated.
• Do not apply directly to food.
• Remove or cover all food and water in the treatment area before use.
• Remove or wash dishes, utensils, food processing equipment and food preparation surfaces in the treatment area before use or wash them thoroughly after ventilation of treated area.
• Cover all food processing surfaces and equipment in the treatment area or wash with an effective cleaning compound followed by a potable water rinse after use of this product.
• Remove pets, birds, cover fish aquariums and turn off air pump motor before application.
• In health care facilities, remove patients prior to treatment and thoroughly ventilate treated area for 2 hr before returning patients.

SAFE HANDLING PROCEDURES

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators, mixers and other handlers must wear: Long-sleeved shirt, long pants, socks, shoes, chemical-resistant gloves and protective eyewear.

DILUTION RATES

Follow rates for specific pests in mechanical sprayers which produce particles of aerosol size (80% of droplets less than 30 microns) or in pump sprayers or automated misting systems. Use the 0.25% rate for maintenance. Use the higher rate for clean outs or high insect infestations. Dilute only with water.

Table with 2 columns: Pyrethrin % Desired, Amount of Concentrate per gallon of water* (2 fl oz, 5 1/3 fl oz, 10 2/3 fl oz, 21 1/3 fl oz, 42 2/3 fl oz)

* Do not dilute with spray oil.

NOTE: 1/3 fl oz = 2 tsp and 1/2 fl oz = 1 tsp

APPLICATION INSTRUCTIONS

SPACE SPRAY (INDOORS): Apply using a mechanical aerosol generator which creates particles of aerosol size (80% of droplets less than 30 microns). Prior to application, close all doors and windows shut off all ventilating equipment and extinguish all flames in the area to be treated. Do not remain in treated areas after application. Leave room(s) closed for at least 1 hr. Ventilate before reentry. Direct spray to all parts of the room. Direct spray around equipment, appliances and pallets if desired.

CRACK & CREVICE* TREATMENT: Use diluted or undiluted. Inject TC 263 into cracks and crevices or void spaces where insects may be harboring, living and breeding. Place injector tip into cracks, crevices, holes and other small openings. Release approximately 1 sec of product. For light infestations, move injector tip along cracks while treating at the rate of 3 ft/sec. For heavy infestations, move injector tip along at 1 ft/sec. Apply in such a manner to limit dripping and run-off on structural surfaces.
VOID INJECTION: Use to flush and kill insects harboring in closed or inaccessible voids. Calculate the cubic area of the void and treat at the rate of 5 - 10 sec/3 ft. Several holes may be required in long-running voids. Apply in such a manner to limit dripping and run-off on structural surfaces.

SPOT TREATMENT AND GENERAL SURFACE SPRAY: Hold spray nozzle 18 - 24" from areas to be treated. Apply to surfaces until moist, but in such a manner to limit dripping and run-off.

INDOOR TREATMENTS

FLYING INSECTS (such as Gnats, Moths, Small Flying Moths and Webbing Clothes Moths): Apply as a space spray or general surface spray. SPACE SPRAY: Apply at 0.125% - 3.0%, at the rate of 0.5 fl oz concentrate/1,000 ft of space. Direct spray mist to all parts of the room. GENERAL SURFACE SPRAY: Apply at 0.125% - 1.0% and direct spray toward upper corners of room especially around windows and other light sources which attract these insects.

CRAWLING INSECTS (such as Ants (excluding Carpenter, Fire, Harvester and Pharaoh), Booklice, Carpet Beetles, Clothes Moths, Spider Mites, Crickets, Dermestid Beetles, Earwigs, Firebrats, Millipedes,

Silverfish, Sowbugs and Spiders (excluding Black Widow and Brown Recluse): Apply as general surface spray, Crack & Crevice treatment or void injection. Apply at 0.25% - 1.0%. GENERAL SURFACE SPRAY: Apply as a coarse, wet spray on walls, floors and other surfaces. Treat food storage areas, handling areas and unloading and processing areas. CRACK & CREVICE TREATMENT AND VOID INJECTION: Apply to cracks and crevices or structural voids in these places as well as beneath sinks and inside and around the base of food conveying, processing and handling equipment. SPACE SPRAY: Apply at 0.5% - 3.0%, at the rate of 0.5 - 1.0 fl oz concentrate/1,000 ft.

STORED PRODUCT PESTS (such as Angoumois Grain Moths, Cadellid, Carpet Beetles, Chocolate Moths, Cigarette Beetles, Dermestid Beetles, Dried Fruit Beetles, Drugstore Beetles, Flour Beetles, Grain Mites, Granary Weevils, Indianmeal Moths, Meal Worms, Mediterranean Flour Moths, Psocids, Red Flour Beetles, Sawtoothed Grain Beetles, Spider Beetles, Trogoderma and Weevils): Apply as a space spray or general surface spray. Clean all food preparation areas thoroughly after treatment and before food is exposed. Use only in areas where food is not exposed. SPACE SPRAY: Apply at 1% - 3%, at the rate of 0.5 - 1.0 fl oz concentrate/1,000 ft of space. Direct treatment toward upper corners of room and ceiling. GENERAL SURFACE SPRAY: Apply at 0.25% - 1.0%. Direct output into corners and under pallets, hitting as many insects as possible.

DARKLING BEETLES: After emptying poultry houses, apply as a space spray or general surface spray. Keep closed for 1 hr. Ventilate for 24 hr before replacing poultry. SPACE SPRAY: Apply undiluted at the rate of 0.25 fl oz concentrate/1,000 ft of space. GENERAL SURFACE SPRAY: Apply at 0.25% - 0.50%.

INDOOR AND OUTDOOR TREATMENTS
BOXELDER BUGS AND ELM LEAF BEETLES: Apply as a Crack & Crevice treatment or as a void injection to voids and other areas where these insects are found. Use undiluted or diluted at 0.25% - 0.50%.

CRAWLING INSECTS (such as Ants (excluding Carpenter, Fire, Harvester and Pharaoh), Booklice, Carpet Beetles, Clothes Moths, Clover Mites, Crickets, Dermestid Beetles, Earwigs, Firebrats, Millipedes, Silverfish, Sowbugs and Spiders (excluding Black Widow and Brown Recluse)): Apply as general surface spray, Crack & Crevice treatment or void injection at 0.25% - 0.50%. GENERAL SURFACE SPRAY: Apply as a coarse, wet spray on walls, floors and other surfaces. Treat food storage areas, handling areas and unloading and processing areas. CRACK & CREVICE TREATMENT AND VOID INJECTION: Apply to cracks and crevices or structural voids in these places as well as beneath sinks and inside and around the base of food conveying, processing and handling equipment. SPACE SPRAY: Apply at 0.5% - 3.0%, at the rate of 0.5 to 1.0 fl oz concentrate/1,000 ft.

HORTICULTURE USE

FOR USE IN: Hobby Greenhouses, Interiorscapes and Landscapes
KILLS: Aphids, Armyworms, Beetles, Bugs (Boxelder, Lace and Plant), Caterpillars (Cabbage Worms, Rose Slugs, Hornworms), Clover Mites, Crickets, Earwigs, Firebrats, Fruitworms, Gnats, Fungus Gnat Larvae, Grasshoppers, Leafhoppers, Leafminers, Leaf Rollers, Looper, Mealybugs, Millipedes, Psylla, Rose Aphids, Scale Insects, Sowbugs, Spiders (excluding Black Widow and Brown Recluse), Spider Mites, Thrips and Whiteflies

APPLICATION INSTRUCTIONS

This product is designed for diluted use (0.06% - 0.25%) in sprayers. DO NOT DILUTE PRODUCT WITH SPRAY OIL. Treat upper and lower foliage surfaces of plants uniformly.

SPRAY DILUTION CHART

Table with 2 columns: Pyrethrin % Desired, Amount of Concentrate per gallon of water* (2 fl oz, 5 1/3 fl oz, 10 2/3 fl oz)

* Do not dilute with spray oil.

PLANT SAFETY NOTICE: This product has demonstrated excellent plant safety; however, all varieties of the plants listed have not been tested. When treating large numbers of plants of a single variety, treat a few plants and observe for phytotoxicity prior to full scale application.

Direct treatment to some open blooms may cause petal drop. FOR USE INDOORS AND OUTDOORS ON, BUT NOT LIMITED TO:

- Bedding plants (such as): Impatiens, Marigolds, Petunias, Geraniums and Garden Mums
Cut Flowers (such as): Roses, Chrysanthemums, Carnations, Snapdragons and Orchids
Flowering hanging baskets (such as): Fuchsia, Lantana, New Guinea Impatiens, Ivy, And Geraniums
Foliage (such as): Boston Fern, Dracaena, Ficus, Schefflera and Philodendron
Potted Flowering plants (such as): Poinsettia, Chrysanthemums, Florida's Azaleas, Lilies, African Violets, Geraniums, Hibiscus, Kalanchoes and Begonias
Ornamentals (such as): Azalea, Barbary, Cotoneaster, Euonymus, Holly, Juniper, Oak, Pine, Rhododendron, Roses, Spiraea, Spruce, Viburnum and Yew
Do not treat vegetables.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store in original container in secured dry storage area. Do not store above 100°F for extended periods of time. Storage below 32°F may cause freezing.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site in accordance with the label directions, or at an approved waste disposal facility.

CONTAINER DISPOSAL: [≤2.5 GALLON CONTAINER] Empty container by using the product in accordance with the label directions. Do not reuse this container. Place empty container in trash or offer for recycling if available. If container is partly filled, call your local solid waste agency for disposal instructions. NEVER PLACE UNUSED PRODUCT DOWN ANY INDOOR OR OUTDOOR DRAIN!

[>2.5 GALLON CONTAINER] Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
