

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

506-125

Date of Issuance:

AUG 25 1999

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Term of Issuance:

Name of Pesticide Product:

TAT Roach Bait

Name and Address of Registrant (include ZIP Code):

Walco-Linck Company
18 Ford Products Road, Drawer A
Valley Cottage, NY 10989

Agent: Reg West Company
P.O. Box 2220
Greeley, CO 80632-2220
Att: Kim Davis, CC, APC

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following changes and submit one (1) copy to us before your ship product:

1. Revise your First Aid statement as appears below. Make sure that the text appears boxed and the items appear bulleted.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> •Call a poison control center, doctor immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to do so by the poison center or doctor.
If on skin or clothing	<ul style="list-style-type: none"> •Take off contaminated clothing. •Rinse skin immediately with plenty of water for 15-20 minutes. •Call a poison control center, doctor immediately for treatment advice.
If in eyes	<ul style="list-style-type: none"> •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. •Call a poison control center, doctor immediately for treatment advice.

Note to physician: Propoxur is a reversible cholinesterase inhibitor. Atropine sulfate is antidotal and should be administered only if symptoms persist.

[You may box this text separately. If the registrant has no 800-number for treatment advice, you may delete "or 1-800-xxx-xxxx immediately for treatment advice" from your label.]

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800- xxx-xxxx for emergency medical treatment information.

2. Revise your Directions for Use to read as follows.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY
IN ACCORDANCE WITH LABEL
PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

General Precautions and Restrictions

- ▶ Place bait trays (traps) in areas inaccessible to children and domestic animals.
- ▶ Do not contaminate feed, food products, food preparation surfaces, dishes, kitchen utensils or food containers.
- ▶ Place bait trays (traps) where you have noticed infestation and where roaches are numerous-- on shelves, in drawers, baseboards, under skins, stoves and refrigerators, in bathrooms, etc.

Application Instructions

- ▶ Find indented sections on the sides of the can.
- ▶ Simply apply pressure with key until they open (see illustration).
- ▶ For best results use 4 to 6 trays (traps) per 100 square feet of surface area to be treated. More bait trays (traps) may be needed if infestation is great.
- ▶ For continuous good results check regularly and replace every four weeks or as needed. Death occurs soon after feeding. Roaches leave bait tray (traps) and return to hiding places to die.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A copy of the label stamped "Accepted with Comments" is enclosed for your records.
