Dear Ms. Davis:

Subject: Retraction of comment in letter dated February 10, 2009
TAT[®] Ant Trap
EPA Reg. No.: 506-137

In a letter dated February 10, 2009, we requested that you list the EPA registration Number and Establishment Number on the front panel of the individual product container. However, due to space issues and the fact that these numbers are already listed on the side panel of the individual container, we have determined that it is not necessary for you to list the numbers on the front panel. The label stamped on February 10, 2009 is therefore acceptable without comment. If you have any questions, please contact Julie Chao at 703-308-8735 or chao.julie@epa.gov.

Sincerely,

John Hebert
Insecticide-Rodenticide Branch
Registration Division (7505P)

RegWest Company, LLC
30856 Rocky Road
Greely, CO 80631-9375

Dear Ms. Davis:

Subject: Amended Label
TAT[®] Ant Trap
EPA Reg. No.: 506-137
Submission dated November 7, 2008

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable with the following comments:

- On the front panel of the individual container (shown on page 4), you must list the EPA Registration Number and Establishment Number.

A stamped copy is enclosed for your records. Submit two copies of your final printed labeling before you release the product for shipment. Should you have any questions, please contact me at 703-308-8735 or chao.julie@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "John Hebert".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE USING.

**USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.
READ INSTRUCTIONS BEFORE PRESSING IN SEMI-PERFORATED HOLES**

Precautions and Restrictions

- Place bait in areas inaccessible to children and domestic animals.
- Do not contaminate feed, food products, food preparation surfaces, dishes, kitchen utensils or food containers.

Application Instructions

- Find indented sections on the sides of the can.
- Simply apply pressure with key until they open [(see illustration)].
- **Indoors:** Place bait where ants are numerous (under sinks, stoves, refrigerators and cabinets).
- **Outdoors:** Place bait near ant colonies and along trails.
- A reduction in activity should be noticeable within one week after bait placement.
- Ants enter bait and carry food back to nest.
