DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Control of Wasps and Hornets: It is preferable to apply this product in late evening when all wasps & hornets have returned to the nests and are at rest. Point valve opening away from face. Making sure the wind is at your back, aim spray at the nests and depress the button, continuing to spray until the nests are wet. Repeat as necessary. Can also be used in attics and other areas where nests are found. Do not attempt to spray insects while in flight.

STORAGE: Store in a cool area away from heat or open flame.
DISPOSAL: Replace cap, wrap in newspaper and discard in trash. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin and eyes. Do not use in commercial food processing, preparation, serving or storage areas. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying.

Statement of Practical Treatment

If Swallowed: Call physician or poison control center immediately. Do not induce vomit'ng due to aspiration hazard. **If Inhaled:** Remove person to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted. **If in Eyes:** Immediately flush eyes with plenty of water. Get medical attention if irritation persists. **If On Skin or Clothing:** Remove contaminated clothing and wash before reuse. Wash skin with plenty of water. Get medical attention if irritation persists.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration may cause explosion. Do not use in or around electrical equipment. Avoid spraying light colored shingle asbestos roofs directly. Dark stains may occur.

Environmental Hazards

Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Disposal of wastes must be done in a manner that avoids contamination of water or wetlands.
