JAN 19 1983

 Under the Federal Insecticide, Fungicide, and Rodenticide Act, amended for the purpose of registration under

 No. 100-111

CLAIMS
(SEE ATTACHMENT 1)

Usage Directions

Remove baits from tray by placing both thumbs on label of bait.
Push out bait.

Use the baits on floors, under sinks, refrigerators, in storage areas, shelves, cabinets, or wherever ants have been seen. For best results, place all baits at same time. Repeat as necessary for continuous control.

**Alternate Usage Directions:

Press in semi-perforated holes on side of trap.

INDOORS:

Use the baits on floors, under sinks, refrigerators, in storage areas, shelves, cabinets, or wherever ants have been seen. For best results, place all baits at same time. Repeat as necessary for continuous control.

OUTDOORS:

Place trap near ant colonies and along trails. A reduction in activity should be noticeable within one week after trap placement.

Storage and Disposal Statements

Storage: Store in an area inaccessible to children.

Disposal: Wrap container and put in trash collection.

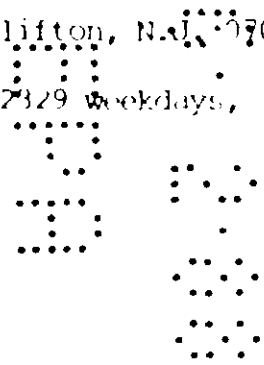

Precautionary Statement

Caution: May be harmful if swallowed. If swallowed, get immediate medical attention. Note to Physicians: Atropine sulfate is antidotal and should be administered only if symptoms appear.
