PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes and clothing should also be avoided. Wash thoroughly with soap and water after handling. Do not contaminate food, utensils and food preparation areas. Remove pets and cover fish bowls before spraying. Misuse results in illness, get prompt medical aid. Avoid excessive wetting of plastics, rubber and asphalt surfaces such as tiles and floor coverings.

Statement of Practical Treatment

If In Eyes: Flush with plenty of water. Get medical attention if irritation persists.
If On Skin or Clothing: Remove contaminated clothing. Wash with soap and warm water. Get medical attention if irritation persists.
If Inhaled: Remove to fresh air if effects occur and call a physician/
If Swallowed: Contact a physician immediately. Do not induce vomiting due to aspiration hazards. Gastric lavage is indicated. This product contains petroleum distillates.
NOTE TO PHYSICIAN: Baygon is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

Physical Hazards

Flammable. Contents under pressure. Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators, or hot surfaces. Temperatures exceeding 120°F may cause the container to burst. Do not puncture or incinerate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This formulation gives rapid kill of crawling insects. Spray residues kill insects 1 to 2 weeks indoors after spray deposit has dried.

GENERAL: Spray surfaces to wetting. Point spray away from people, plants and pets.
INDOOR USE: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES (exposed stages), WATERBUGS: Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. Repeat as needed. Do not spray foodstuffs or house plants. For ANTS, spray trails and places where ants enter premises. Do not allow children to contact treated surfaces until surfaces are completely dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around base boards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

OUTDOOR USE: ANTS, CLOVER MITES, CRICKETS, EARWIGS, MILLIPEDES, SOWBUGS, and BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios or other places where insects may enter. For ANTS, spray hills and runways. Repeat as necessary. Do not spray vegetation.

Storage: Store in a cool dry area away from heat or open flame. **Disposal:** Replace cap, securely wrap container in several layers of newspaper and discard in trash.
