Mr. Richard E. Bozzo  
Walco-Linck Company  
1234 U.S. Highway 46  
P.O. Box 769  
Clifton, NJ 07015

Dear Mr. Bozzo:

Subject: Amendment - Change of Product Name and Update Labeling  
TAT Roach and Ant Killer with Residual Action  
EPA Registration No. 506-152  
Your Application Dated November 7, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. In the Note to Physician, change "Diazinon and Dichlorvos" to "Propoxur and Dichlorvos."

2. Place the chemical name for Dichlorvos in "[...]" in the ingredients statement.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager 15  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

ROACHES  
ANTS  
WATERBUGS  
GERMAN ROACHES  
SILVERFISH  
SPIDERS  
CRICKETS  
SCORPIONS  
CENTIPEDES  
PALMETTO BUGS

Spray directly on insects whenever possible. Spray into all cracks, around baseboards and other places where these insects hide and infest. Treat Ant trails. Also spray, until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray door entrances, window and door frames, screens and other places where insects enter the house. Make these applications as "spot" treatments to localized areas.

---

FLIES  
MOSQUITOES  
FLYING MOTHS  
GNATS

Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat other areas where these insects tend to congregate.

---

BROWN DOG TICKS

Spray areas where pets generally live. Do not spray directly on pets. Replace bedding before allowing reuse by animals.

---

CARPET BEETLES

Spray localized areas only. Directly into cracks, around baseboards and under carpets.

---

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Do not apply to humans or pets. KEEP OUT OF THE REACH OF CHILDREN. Avoid breathing spray mist and provide adequate ventilation. Do not let children or pets contact treated surfaces until they are dry. Wash thoroughly with soap and water after handling and before eating or smoking.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. "Keep out of lakes, ponds or streams. Do not contaminate water by disposing of equipment washwaters".

## STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center immediately. CAUTION: Contains Petroleum Distillates. Do not induce vomiting. Give victim one or two glasses of milk or some activated charcoal in water. Gastric lavage is indicated. Vomiting may cause aspiration pneumonia.

If inhaled: Remove victim to fresh air. Apply respiration if indicated.

If on skin: Remove contaminated clothing and wash affected areas with soap and water.

If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

Note to Physician: Solvent may present aspiration hazard. Gastric lavage may be indicated if product was taken internally. Diazinon and Dichlorvos are organosphosphate insecticides. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also anticotal and may be administered, but only in conjunction with atropine.

## PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. "Do not use or store near heat or open flame". Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal of this product. Store in a cool dry area away from heat or open flame. Do not puncture or incinerate. Do not reuse empty container. Wrap empty container and put in trash collection.
