# TAT<sup>®</sup> FLYING INSECT KILLER

**KILLS: Household & Garden Pests Fast!**

Formaldehyde free  
CFC Free in aerosol

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This Product is for Residential Use.

**TO OPERATE:** Shake can before using. Hold container upright. Point valve opening away from face and press button.

**OUTDOORS:** To reduce annoyance of **Houseflies, Mosquitoes, Gnats and Small Flying Moths:** Spray areas infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at a rate of 1-3 seconds per cubic yard of space while moving away from the treated areas. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

Controls insects on the following plants and ornamentals: Ornamental Cherry, Crepe Myrtle, Ornamental Crabtree, Rose, Andromeda, Azalea, Spiraea, Chrysanthemum, Gardenia, Purple Passion, Vine Peony, Oleander and Arborvitae. Kills Eastern Tent Caterpillar, Aphids, Cankerworm, Leafhopper, Lacebugs, Whiteflies, Spider Mites, Japanese Beetle, Mealybug, Ants, Caterpillars and Boxelder Bug.

When sprayed directly on insects, this spray will kill the listed insects. Use caution when spraying new tender growth on young plants.

**WHEN SPRAYING HOLD CAN 18-24 INCHES FROM PLANT.**

For best results, spray in the evening or on a cloudy day when air is still. Lightly mist the plants using a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of a row. Repeat as needed. Do not spray when temperatures exceed 90°F.

**USE Indoors TO KILL:**

**FLIES, MOSQUITOES, SMALL FLYING MOTHS, GNATS and WASPS.** Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Thoroughly ventilate room before reentry. Sweep up and put dead insects in trash. **COCKROACHES, ANTS and CRICKETS.** Contact as many insects as possible with the spray in addition to thoroughly spraying all parts of the room suspected of harboring these pests. Pay special attention to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever the pests are suspected of hiding. To kill ants, treat docks, around windows frames and trails and other areas of entry. Repeat as necessary.

**CARPET BEETLES, TICKS, FLEAS and FLEA LARVAE.** Spray top and undersides of rugs. Repeat as necessary.

**STORAGE:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat and open flame.

**DISPOSAL:** Do not puncture or incinerate! If empty, place in trash or offer for recycling if available. If partly filled, call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. Remove pets and birds and cover fish aquariums before spraying.

### First Aid

**If Swallowed:** Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If on Skin or Clothing:** Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

### Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion. Do not use this product in or around electrical equipment due to the possibility of shock hazard.

### Environmental Hazards

This nestrade is toxic to fish. Do not apply directly to water.
