# TAT<sup>TM</sup> ROACH & ANT KILLER WITH RESIDUAL ACTION III

For use in Homes and Non-food areas of Commercial Buildings: Warehouses, Theaters, Office Buildings, Schools, Hotels, Motels, Restaurants, Food Processing Facilities and Kennels.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### GENERAL

Do Not Use as a Space Spray

Use this residual spray only as a spot or crack and crevice treatment to kill cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product only as a course spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet, but not to the point of runoff. Repeat treatment as infestation or reinfestation warrants, but not more often than once per week. In the home cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held. Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries, vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, closets and storage areas (after canning or bottling). Not for use in federally-inspected meat and poultry plants.

#### FOR SPOT TREATMENT

**ANTS** Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Directly spray pests driven out of hiding places. For ants, apply to ant trails, around doors and windows and wherever else these pests may find entrance.  
**COCKROACHES**  
**CRICKETS**  
**SILVERFISH**  
**SPIDERS**  
**SOWBUGS**  
**EARWIGS**  
**CARPET BEETLES**

**BROWN DOG TICKS** Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards; window and door frames and localized areas of floor and floor coverings where these pests may be present. Remove old pet bedding and replace with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.** Prior to pets' reentry into treated area, treat pets with a flea and tick control product registered for use on pets.  
**FLEAS**

**FLIES** Use only outdoors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where pests may enter the premises. Also spray dark corners and localized resting areas (such as under eaves) of porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.  
**MOSQUITOES**

#### Storage and Disposal

**PESTICIDE STORAGE:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from sources of heat or ignition. **DISPOSAL:** Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

#### PRECAUTIONARY STATEMENTS

##### Hazards to Humans & Domestic Animals

**CAUTION:** May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Thoroughly wash with soap and water after handling and before smoking. When used indoors remove pets and birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.

##### First Aid

**If Swallowed:** Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

##### Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

**MONEY BACK GUARANTEE:** If this product fails to kill the listed insects when used as directed, mail container to Walco-Link for a full refund.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### Storage and Disposal

**Pesticide Storage:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from sources of heat or ignition. **Disposal:** Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

### General

#### Do Not Use as a Space Spray

Use this residual spray only as a spot or crack and crevice treatment to kill cockroaches [roaches], fleas, silverfish, ticks, waterbugs and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet, but not to the point of runoff. Repeat treatment as infestation or reinfestation warrants, but not more often than once per week.

In the home cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held. Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries, vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, closets and storage areas (after canning or bottling).

Not for use in federally-inspected meat and poultry plants.

### For Spot Treatment

[To Kill] Ants, Carpet Beetles, Cockroaches [Roaches], Crickets, Earwigs, Silverfish, Sowbugs, Spiders	Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Directly spray pests driven out of hiding places. For ants, apply to ant trails, around doors and windows and wherever else these pests may find entrance.
--	--

[To Kill] Brown Dog Ticks, Fleas	Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards; window and door frames and localized areas of floor and floor coverings where these pests may be present. Remove old pet bedding and replace with clean, fresh bedding after treatment. <b>Do not spray pets with this product.</b> Prior to pets' reentry into treated area, treat pets with a flea and tick control product registered for use on pets.
----------------------------------	--

Flies, Mosquitoes	Use only outdoors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the premises. Also spray dark corners and localized resting areas (such as under eaves) of porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.
-------------------	--

## PRECAUTIONARY STATEMENTS

### Hazards to Humans & Domestic Animals

**CAUTION:** May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Thoroughly wash with soap and water after handling and before smoking. When used indoors, remove pets and birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.
