NOTE: Changes in labeling for a differing in substance from that accepted in connection with this registration must be submitted to and accepted by Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the ab U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 506-171" to your label before you release the product for shipment.
3. You must conduct a 1-year storage stability study, you may not reference another study. The formulated product must be analyzed for its active ingredient at time zero and during a year of storage. The storage should be in warehouse conditions of temperature and humidity and stored in containers similar to the packaging you will be using in the marketplace.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

AUG 17 1990

Manufactured by:

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

Walco Linck Company
Clifton, NJ 07015

506-1711

EPA Reg. No. 506-

EPA Est. No. 506-NJ-1

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN: Propoxur is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is antidote of choice.

Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Flammable - Keep away from heat or open flame.

DIRECTIONS FOR USE

General Classification

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General: Spray surface to wetting. Do not use as a space spray. Use only for spot treatment.

To Kill Ants, Roaches, Crickets, Silverfish, Sowbugs, Spiders, Earwigs, Sawtoothed Grain Beetles, Rice Weevils, Confused Flour Beetles, Clover Mites, Millipedes and Scorpions: Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Contact directly as many insects as possible. For ants, spray trails and places where ants enter premises. Repeat as necessary for control.

To Kill Brown Dog Ticks and Fleas: Remove and destroy old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as necessary. Fresh bedding should be placed in animal quarters after spray has dried. Do not spray animals.

To Kill Carpet Beetles and Dermestids: Spray along baseboards, edges of carpeting, under carpets and rugs, under furniture, in closets, on shelving, and in other places of harbourage. Repeat as necessary.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame.

Disposal: Securely wrap original container in several layers of newspaper and discard in trash.
