JUL 02 1997

NOTICE OF PESTICIDE:
Registration
 Reregistration

Term of Issuance:
Unconditional

Name of Pesticide Product:
TAT Roach Bait V

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Walco-Linck Company
c/o RegWest Company
P.O. Box 2220
Greeley, Colorado 80632-2220

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted". This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

A stamped copy of your label is enclosed for your records.

EPA Reg. No. 506-175 EPA Est. 506-NJ-1

TAT ROACH BAIT V
KILLS: Roaches, Waterbugs, Palmetto Bugs
READ INSTRUCTIONS BEFORE PRESSING IN SEMI-PERFORATED HOLES

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

Statement of Practical Treatment

If On Skin: Wash with soap and water. Get medical attention. **NOTE TO PHYSICIAN:** Sumithion is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered but only in conjunction with atropine.

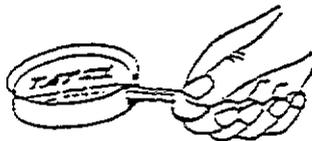

Environmental Hazards

This pesticide is toxic to birds and aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

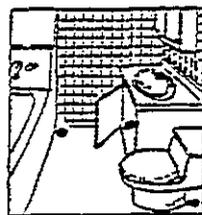

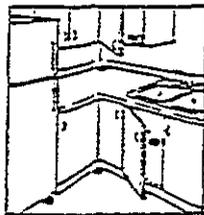

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

On the sides of the can you will find several indented sections. Simply apply pressure with a key until they open (see illustration). Place the bait trays [traps] where you have noticed the infestation of roaches. TAT Roach Bait V will take care of the rest. For best results use 4-6 bait trays [traps] per 100 square feet of surface area to be treated. More bait trays [traps] may be used if infestation is great. For a total control program use in conjunction with TAT Liquid Aerosol Jet Stream.

EFFECTIVE CLEAN ECONOMICAL

For continuous good results, check regularly and replace every four weeks or as needed. Place bait trays [traps] where roaches are numerous -- on shelves, in drawers, near baseboards, under sinks, stoves and refrigerators, in bathrooms, etc. As roaches are night feeders, they enter bait tray [trap] when it's dark. Death occurs soon after feeding. They leave bait tray [trap], return to hiding places and die.

STORAGE: Store in a cool, dry place (preferably locked) inaccessible to children and pets. Keep in original container. **DISPOSAL:** Do not reuse container. Wrap in newspaper and dispose in trash.

For additional information, call 1-800-338-2329.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

MONEY BACK GUARANTEE: If TAT Roach Bait V does not provide satisfactory results, return all [number] bait trays [traps], in their original package, to Walco-Linck.
