TAT[®] ROACH BAIT V
KILLS: Roaches, Waterbugs, Palmetto Bugs

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

First Aid

If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
-------------------------------	---

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-888-xxx-xxxx [(the international poison center)] for emergency medical treatment information.]

Note to Physician: Fenitrothion (Sumithion[®]) is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered but only in conjunction with atropine.

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Environmental Hazards

This product is toxic to birds and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE –

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Storage and Disposal]

Storage: Store in a cool dry (preferably locked) storage area inaccessible to children and pets. Keep pesticide in original containers. **Disposal: If empty:** Do not reuse this container; place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions. Never place unused product down any indoor or outdoor drain.

READ ENTIRE LABEL BEFORE USING.

**USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.
READ INSTRUCTIONS BEFORE PRESSING IN SEMI-PERFORATED HOLES**

On the sides of the can you will find several indented sections. Simply apply pressure with a key until they open (see illustration). Place the bait trays [traps] where you have noticed the infestation of roaches. TAT Roach Bait V will take care of the rest. For best results, use 4-6 bait trays [traps] per 100 square feet of surface area to be treated. More bait trays [traps] may be used if infestation is great. If children or domestic animals may access treatment areas, place trays [traps] in areas inaccessible to them.

EFFECTIVE – CLEAN – ECONOMICAL

For continuous good results check regularly and replace every four weeks or as needed. Place bait trays [traps] where roaches are numerous – on shelves, in drawers, near baseboards, under sinks, stoves and refrigerators, in bathrooms, etc. As roaches are night feeders, they enter bait tray [trap] when it's dark. Death occurs soon after feeding. They leave bait tray [trap], return to hiding places and die.

For additional information call 1-800-338-2329

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Money Back Guarantee: If TAT Roach Bait V does not provide satisfactory results return all [number] trays [traps], in their original package, to Walco-Linck.

Dear Ms. Mautz:

Subject: Walco-Linck Company
TAT[®] Roach Bait V
EPA Reg. No. 506-175

On behalf of its client **Walco-Linck Company**, RegWest Company, LLC is submitting the attached materials as notification of label revision for subject product. RegWest Company will act as sole agent in this endeavor.

Attached are the following:

1. Application for Pesticide: Other
2. One **Reference Label** (illustrates label revisions)
3. One **New Label** (incorporates label revisions)
4. Two copies of market labeling

Please note the market labeling does not contain all approved text.

We also are clarifying details concerning the market containers. The bait is enclosed in a small (1/6 oz.) metal container. The containers are sold in unit packaging with a minimum of 2 containers and a maximum of 50 containers. Up to three containers are sold "clam shelled" to a hang card; larger numbers of containers are sold in boxes.

Please contact me at (970) 353-0611 or kim@regwest.com if you have any questions or require additional information.

Regards,
RegWest Company, LLC
