Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Tat Wasp & Hornet
Killerte

Name and Address of Registrant (include ZIP Code):

Walco-Linck Company
c/o RegWest Company, P.O. Box 2220, Greeley, CO 80632-2220

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:
a. Revise the EPA Registration Number to read, "EPA Reg. No. 506-178".
b. Delete the word "powerful" from front panel statement. Refer to PR Notice 93-6.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PT. OZ.

TAT WASP & HORNET KILLER TE

For use both indoors (attics and other places where nests are built and where exposed) and outdoors on wasp and hornet nests.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the label. **FOR CONTROL OF WASPS AND HORNETS:** It is preferable to apply the product when the insects have returned to the nest. Point valve opening away from face is at your back, aim spray at the nest and depress button, continuing to spray. Repeat as necessary. Do not attempt to spray insects while in flight.

STORAGE: Store in a cool dry area away from heat or open flame. **DISPOSAL:** Empty container in newspaper and discard in trash. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

WARNING: Causes skin irritation. Harmful if swallowed, inhaled or absorbed. Do not get on skin or on clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Avoid contamination of food or feedstuffs.

Do not use in commercial food processing, preparation, storage or serving areas. Processing surfaces and utensils should be covered during treatment, or thoroughly cleaned. Exposed food should be covered or removed. Remove pets, birds and cover fish tanks during use.

Statement of Practical Treatment

If Swallowed: Call a physician or poison control center immediately. Do not induce vomiting. **If In Eyes:** Flush with plenty of water. Get medical attention immediately.

On Skin or Clothing: Remove contaminated clothing and wash before reuse. Wash with warm water. Get medical attention if irritation persists. **If Inhaled:** Remove person to fresh air. Use artificial respiration if indicated. Contact a physician if warranted.

Environmental Hazards

This product is toxic to fish and other aquatic invertebrates. Do not apply or allow to contaminate water by cleaning of equipment or disposal of wastes.

Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture container. Exposure to temperatures above 130°F may cause bursting.
