[Federal Regulations Prohibit CFC Propellants in Aerosols]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product kills ants, cockroaches, confused flour beetles, crickets, fleas, houseflies, mosquitoes, rice weevils, sawtoothed grain beetles, small flying moths, sowbugs, spiders and brown dog ticks.

Shake Well Before Use

DO NOT use more than one fogger per room. **DO NOT** use in small, enclosed spaces such as closets, cabinets or under counters or tables. **DO NOT** use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. **Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).** Call your gas utility or management company if you need assistance with your pilot lights.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Close doors and windows. Point valve opening away from face when releasing. Use one unit for each 5,000 cubic feet of unobstructed area. Do not remain in the area during treatment and ventilate thoroughly before reentry.

To operate valve: Place several layers of newspaper or a pad on a stand or table in the center of the room. Point valve opening away from face. To lock valve in open position for automatic discharge; press valve button all the way down, hooking the catch. Then place fogger on stand or table with valve locked open. Leave building at once and keep

building closed for 2 hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in 2 weeks or when necessary.

To kill fleas and brown dog ticks: Destroy pet's old bedding and replace with clean, fresh bedding after treatment is completed. Use product as above. Prior to pets' reentry into treated area, treat pets with a flea and tick control product registered for use on pets.

{Storage and Disposal}

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat or open flame.

Pesticide Disposal and Container Handling: Do not puncture or incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if inhaled or absorbed through skin. Avoid inhaling spray mist and contact with skin or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse. Do not use in commercial food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared, processed or stored. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food. Remove pets and birds and cover fish aquariums before spraying.

FIRST AID

If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
<p>Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [For information regarding medical emergencies or pesticide incidents, call 1-xxx-xxx-xxxx.]</p>	
<p>Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration</p>	

pneumonia.

{**Note:** The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Physical or Chemical Hazards
