

## DIRECTIONS

Remove cap and be sure sprayhead is pointed in correct direction. Point pencil stream spray at infested surfaces, cracks, crevices and hard to reach locations. Wet surface thoroughly but not excessively. Do not spray in air.

**ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS**—in homes, factories and warehouses: Spray liberally in all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Use on other localized areas infested with these pests. Repeat treatment as required.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

**CARPET BEETLES:** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

**BROWN DOG TICKS:** Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as infestations occur. Fresh bedding should be placed in animal quarters following treatment.

**FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

**FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS:** For treatment of localized infestations of these insects in outdoor areas, spray infested weeds and brushy non-crop areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

**ROBERTS**

# ROACH & ANT INSECT BOMB

Contains **DIAMON**  
**MILB**  
ANTS, ROACHES, SPIDERS  
And Certain Other Crawling  
Insects

### ACTIVE INGREDIENTS:

O,O-diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate	0.800%
Pyrethrins	0.082%
*Technical piperonyl butoxide	0.261%
Petroleum Distillate	60.187%

### INERT INGREDIENTS:

Freon No. 11	16.000%
Freon No. 12	23.000%
Total	100.000%

\*(equivalent to .209% (butylcarbityl) (6-propyl-piperonyl) ether and .052 other related compounds)

**CAUTION: FLAMMABLE**  
**KEEP OUT OF REACH OF CHILDREN**  
(See Other Cautions On Side Panel)

Manufactured by  
**ROBERTS LABORATORIES**  
Rockford, Illinois 61101

OBSERVE LABEL  
DIRECTIONS

**CAUTION**  
**FLAMMABLE**  
**KEEP OUT OF THE REACH**  
**OF CHILDREN**

Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. Remove pets, birds, and cover fish aquariums before spraying. Avoid contamination of food and feed. Keep out of reach of domestic animals. DO NOT use on humans, household pets, or livestock. DO NOT use in commercial food preparation areas or in edible products areas of food processing plants. DO NOT permit children or pets to go onto the sprayed areas until spray has completely dried.

DO NOT apply to rugs, carpets, draperies, wallpaper or similar material that may be stained. Avoid excessive wetting of plastics, rubber and asphalt surfaces such as tiles and floor coverings.

DO NOT remain in treated area. Ventilate the area after treatment is completed.

WARNING: Contents Under Pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Discard container in a safe place. NEVER throw container in fire or incinerator.
