

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS

TO PREPARE WET BAIT

1. Add 1/2 cup of water to 1/4 cup of bait. Stir thoroughly. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

TO PREPARE DRY CEREAL BAIT

1. Mix 1/2 cup of cereal with 1/4 cup of bait. Stir thoroughly. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

Bait should be used in a bait box. Do not use bait in a container that is not bait proof.

Do not use bait in a container that is not bait proof. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

FOR RATS - Use 1/2 cup of bait in a bait box. Do not use bait in a container that is not bait proof. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

FOR RICE - Use 1/2 cup of bait in a bait box. Do not use bait in a container that is not bait proof. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

CAUTION

Do not use bait in a container that is not bait proof. The bait should be used immediately. Do not allow the bait to dry out. If it does, it will lose its effectiveness.

Approved by

'RODEX'
.5% COATED
WARFARIN
ANTICOAGULANT
CONCENTRATE

A RODENTICIDE FOR FORMULATING USE ONLY

Each particle of the warfarin in this product has been specially coated with a material that reduces detection of the warfarin by the rodents at the time the bait is consumed. The coating may help assure greater acceptance of the bait in cases where rodent awareness of uncoated warfarin is responsible for low bait acceptability.

ACTIVE INGREDIENT:

Warfarin (3-(α -acetylbenzyl)-
 4-hydroxycoumarin) 0.500%

INERT INGREDIENTS 99.500%

TOTAL 100.000%

CAUTION

KEEP OUT OF REACH OF CHILDREN

See Additional Cautions Below.
