**POISON** See side panel for hazards and precautions.

**NET 550 LB.**

**ACTIVE INGREDIENTS**  
Parathion 94.0%  
Related compounds 4.5%  
**INERT INGREDIENTS** 1.5%  
\*0,0 dimethyl 0-p-nitrophenyl phosphorothioate

**Environmental Hazards**  
This product is toxic to fish, birds and other wildlife. Do not apply directly to water or wetland. Do not contaminate water by cleaning of equipment or disposal of waste.

**Physical and Chemical Hazards**

**NOTE: DO NOT HEAT THIS MATERIAL ABOVE 200°F (77°C)**

In case of **SPILL OR LEAK**, keep all unexpected persons away. Cover with absorbent such as soda ash, sawdust, clay or sawdust. Sweep up and bury. Wash area thoroughly with strong detergent solution.

**Storage and Disposal**

(1) 550 lb. containers must be kept closed to the top or bottom. Open dumping is prohibited.

**RESTRICTED DISPOSAL** Parathion wastes are strictly for professional use only. All wastes must be disposed of in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) and the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) Regulations. For more information, contact your State Pesticide Control Agency or the National Pesticide Control Administration, 1200 Pennsylvania Avenue, N.W., Washington, D.C. 20540.

**HAZARD OF FUMES** Fumes may be generated. This often occurs during the reworking of granules and in general is a secondary hazard. See other precautions in accordance with state and local authorities.

Ms. Glynadee Edwards  
Monsanto Company  
Agricultural Products  
1101 17th Street, NW.  
Washington, DC 20036

Dear Ms. Edwards:

Subject: General Revision of Label  
Parathion Technical  
EPA Registration No. 524-27  
Application Dated November 2, 1983

NOV 28 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Make the changes listed below before you release this product for shipment:

1. Change the heading "First Aid Treatment" to read "Statement of Practical Treatment." This paragraph should be placed on the front panel of your label.
2. Revise your "Environmental Hazards" paragraph to read as follows:

This product is toxic to fish, birds and other wildlife. Do not discharge into lakes, streams, ponds or public water except in accordance with an NPDES permit. For further guidance, contact the nearest EPA Regional Office.

Sincerely yours,

Jay S. Ellenberger  
Product Manager (12)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767)
