UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

NOV 15 1993

Mr. James Downes, Manager, Product Safety
The Chemcial Group
800 N. Lindbergh Blvd.
St. Louis, MO 63167

Dear Mr. Downes:

SUBJECT: Santochlor Molten
EPA Registration No. 524-281
Santochlor 20
EPA Registration No. 524-283
Your Resubmission of June 2, 1993

This is in response to your resubmission of revised Confidential Statements of Formula and labels for the above named products. The following comments apply.

1. The revised updated Confidential Statements of Formula dated June 2, 1993 are in compliance with PR Notice 91-2 and they agree with the label claims.
2. Please provide the Agency with a pH of these products with a 1% or other water dilution.

The labels referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, are acceptable subject to the comments indicated below. Please submit five copies of the revised labels incorporating these changes before shipment of each product bearing the amended labeling. Stamped copies of the labels are enclosed for your records.

•In the revised labels under the heading Physical or Chemical Hazards change word "Combustible" to "Flammable".

•The net weight should be in US measure, then it may be followed in metric measure. It should be Net Weight 55 pounds (25kg).

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

D A N G E R

CAUSES EYE DAMAGE AND SKIN AND RESPIRATORY TRACT IRRITATION. HARMFUL IF SWALLOWED.

Do not get in eyes, on skin, or on clothing. Avoid breathing dust or vapors. Use with adequate ventilation. Wash thoroughly with soap and water after handling.

Physical or Chemical Hazards

Combustible. Do not use or store near heat or open flame. In case of fire, extinguish with water spray, foam, carbon dioxide, dry chemical or any Class B extinguishing agent.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. FOR USE BY MANUFACTURERS, FORMULATORS AND REPACKAGERS to produce end-use products for indoor general use pattern only. When this product is prepared as an end use pesticide, manufacturers, formulators and repackagers must obtain their own EPA Registration Number.

Storage and Disposal

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Material will melt at 127°F. Do not store at elevated temperatures. In case of leak or spill, sweep up or shovel into clean metal containers. Dispose of pesticide and container in accordance with instructions provided under DISPOSAL below.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke. Emptied container retains vapors and product residue. Observe all labeled safeguards until container is destroyed.
